INTRODUCTION

WELCOME TO THE 2014/15 ANNUAL REPORT AND ACCOUNTS OF THE SHROPSHIRE COUNTY PENSION FUND

This years fund information:

During the year the Shropshire Fund increased in value by over £173 million to be valued at over £1.512 billion at the end of the year. The Fund increased in value by 13.7% over the year outperforming its benchmark by 1.4%.

The Shropshire Fund benefited from positive investment returns in a number of asset classes. The strongest returns were experienced in Infrastructure where the Fund's investments increased in value by a notable 40% in the year. The Fund has also achieved strong returns in Global Equities managed by Investec and MFS which delivered an investment return of 21.2% and 19.6% respectively. Returns in Private Equity were also positive earning 18.6%. The Fund's allocation to Index Linked Bonds increased by 21.1%. Hedge Funds delivered a return of 5.9% and Property 5.5%. All of the Fund's managers delivered positive returns over the last year.

The Pensions Committee determine the strategic asset allocation for the Fund. This outlines the proportion of assets that the Fund invests in equities, bonds and alternative assets such as property. This is the most important decision that the Committee makes because it has the biggest impact on the long term returns of the Fund.

The Pensions Committee undertakes thorough monitoring of the Fund's investment managers and is prepared to make changes in response to investment underperformance or new investment opportunities. In April 2014 the Fund reduced its allocation in global government bonds by 5% by terminating the contract with Strategic and increasing the allocation to absolute return bonds (2.5%) and investment grade credit corporate bonds (2.5%) managed by PIMCO due to the excess yields available compared to Government

Bonds. There were no other Fund manager changes during the financial year.

During 2014/15, the Committee together with Officers and Aon Hewitt have been reviewing the Fund's investment strategy. This included building a greater understanding of the Fund's investment risk relative to its liabilities. A number of potential improvements to the investment strategy were reviewed and two recommendations have now been approved.

In March 2015, the 7.5% allocation to Investment Grade Bonds managed by PIMCO was reviewed. Strong returns have been generated since 2009 but the future outlook for Investment Grade Bonds now appears limited by low yields, low credit spreads and declining liquidity. All of this allocation is due to be replaced by more Unconstrained Bond Funds during 2015/16 which will provide further diversification within the Fund and improve the Fund's risk adjusted returns going forward. The defining feature of unconstrained strategies is the flexibility in their approach to asset allocation and security selection within the global bond universe, which can offer better returns and more downside protection.

It was also agreed at Pension Committee in March 2015 to commence the appointment process for a Liability Driven Investment (LDI) manager to replace the existing holding in Index Linked Gilts. The present value of the Fund's liabilities, as measured by the Fund's Actuary, will increase if long term gilt yields (interest rates) fall and if long term inflation rises. If this is not matched by a corresponding rise in the Fund's asset value then the overall funding level will fall. The current investment strategy has a 10% allocation to index-linked gilts which will move in a similar way to the liabilities as interest rates and inflation changes. By appointing an LDI manager it would enable the Fund to more efficiently match its assets to the interest rate and inflation movements of its liabilities by either increasing the level of liability matching while maintaining the allocation to growth assets or achieve the same level of liability matching while increasing the allocation to growth assets. It is expected that these appointments will provide further diversification of returns, improve the

efficiency of the Fund's matching assets, specifically to match the movement of the Fund's liabilities caused by interest rates and inflation, independent of the allocation to return seeking assets and will help maintain the high standards expected from Shropshire's investment managers.

The Fund undergoes an independent actuarial valuation every 3 years. The latest actuarial valuation was conducted at the end of March 2013, identifying that the Fund had a funding level (the relationship between estimated future pension payments and the funds held to pay for these pensions) of 76%. The next actuarial valuation is being undertaken in March 2016 and the results will be known in November 2016.

As a local government pension scheme the Fund is able to take a long term view to the recovery of any funding deficit and is able to phase in any changes in the employer contribution rate in a manageable way. Whilst there is a lot written in the press about gold plated public sector pensions the reality is very different. The average pension paid from the Shropshire Fund last year was £4,700.

LOCAL GOVERNMENT PENSION SCHEME (LGPS) ADMINISTRATION

Since the LGPS changed to a Career Average Revalued Earnings Scheme (CARE) on the 1 April 2014, the Pension Administration Team have been working hard to ensure successful implementation of the new regulations for its members and employers.

The introduction of the CARE scheme has brought with it additional data that employers must hold for its employees in the LGPS and significant work has been undertaken by the Pension Administration Team to communicate and support employers in the changes.

A series of training sessions were held throughout 2014/15 including an employers meeting in January 2015 covering in detail the data requirements in the LGPS since the introduction of CARE. To help employers meet their responsibilities the Fund has invested in middleware to improve the flow of data between employers and the Fund.

Work has also been undertaken to ensure Scheme members have been kept up to date with the latest LGPS news including how benefit accrual works in the CARE scheme and the changes in the Governance Regulations with the introduction of the Pensions Board. The work of the Pensions Administration Team in 2014/15 is covered in pages 26-28.

GOVERNANCE IN THE LGPS

In accordance with the LGPS Governance Regulations 2015, a Pension Board has been introduced from 1 April 2015 to ensure effective governance and administration of the Scheme.

The Local Pension Board will be responsible for assisting Shropshire Council, the Scheme Manager, to secure compliance with:

- The Local Government Pension Scheme Regulations;
- Any other legislation relating to the governance and administration of the Scheme;
- Requirements imposed by The Pensions Regulator in relation to the Scheme, and;
- to ensure the effective governance and administration of the Scheme.

From the date of its set up on the 1st April 2015 the Board will be an oversight body and not decision making. It does not replace existing governance arrangements in place in the Shropshire County Pension Fund in respect of the administration of the Local Government Pension Scheme.

The Pension Board shall consist of 4 voting members including 2 employer representatives and 2 scheme member representatives.

Further information on the Fund's governance arrangements is covered in Section E. These and other developments are covered in more detail on the following pages. We hope you find the report interesting and informative. As always we welcome your feedback on the report and indeed, on any aspect of the Scheme's activities.

If you wish to make a comment or if you have any questions, our contact details are given on the back page of the report.

RISK MANAGEMENT

THE PROCESS OF IDENTIFYING RISKS, EVALUATING THEIR LIKELIHOOD AND POTENTIAL IMPACT AND DETERMINING THE MOST EFFECTIVE METHODS OF CONTROLLING OR RESPONDING TO THEM. SHROPSHIRE COUNCIL HAS A FORMAL RISK MANAGEMENT STRATEGY AND RISK REGISTERS FOR PENSION FUND INVESTMENT AND ADMINISTRATION ARE INCLUDED WITHIN THIS OVERALL STRATEGY.

Here is a summary of the Pension Fund's key risks.

RISKS	CONTROLS IN PLACE
The insolvency of an employer places additional liabilities on the Fund and ultimately the remaining employers.	Admission agreements, Employer covenant check across Fund employers, some bonds in place. Shorter deficit recovery periods for some employers. Funding Strategy Statement approved by Pension Committee.
Failure of Pension Fund investment managers to meet expected returns resulting in increased costs to the Council and other employers.	Rigorous selection process established. Rigorous and continual Investment Manager monitoring arrangements. Diversification of managers. External expert advice. Reporting & monitoring arrangements. Statement of Investment Principles and Funding Strategy Statement published. Clear and relevant mandates. Audit of investment managers.
Inappropriate Investment Strategy	Funding Strategy Statement published following consultation with scheme employers outlining how the Fund plans to meet its liabilities. External expert advice. Trained and experienced staff. Annual Actuarial review. Three yearly Actuarial Valuation. Statement of Investment Principles. Regular review of investment strategy with Aon Hewitt.
Failure to meet good governance	Compliance against Myners Principles considered on an annual basis as part of the review and updating of the Statement of Investment Principles. The Fund has produced a Governance Compliance Statement. Audit of Governance arrangements.
Failure of Employers to provide accurate data leading to incorrect benefit payments	Employer Training. Communication to all employers. Administration Strategy in place. Internal controls in place. Contribution collection Audits.

**SHROPSHIRE COUNCIL
FORMAL STRATEGY**

RISKS	CONTROLS IN PLACE
<p>Continued decrease in UK government bond yields resulting in future reduction in returns from government bonds, increase in the value placed on liabilities through the reduction in the discount rate and deterioration in funding position which results in an increase in employer contribution rates</p>	<p>Monitoring of investment performance relative to the estimated growth in liabilities on an annual basis. Some investment in bonds (and similar investments) helps to mitigate this risk. Currently implementing Liability Driven Investment (LDI) strategy in order to further hedge liabilities against changes in interest rates and inflation.</p>
<p>Pay and price inflation significantly higher than anticipated and pensioners in receipt of pensions for longer resulting in an increase in the Fund's liabilities, deterioration in funding position and increase in employer contribution rates.</p>	<p>Actuarial valuation process focuses on real returns on assets. Monitoring of investment performance in relation to the estimated growth in liabilities. Some investment in index-linked bonds (and other inflation linked investments) helps to mitigate this risk. Triennial strategic asset allocation review considers appropriateness of assets. Mortality assumptions are set with some allowance for future increases in life expectancy as part of the valuation process which the Fund Actuary monitors. LDI manager being appointed in 2015 to further hedge liabilities against changes in inflation rates.</p>
<p>Late payment of contributions leading to Pension Fund reporting to the Pension Regulator.</p>	<p>Employer training/guidance on website. Employer newsletter. Contributions check and balance. Adhere to internal governance compliance statement. Adhere to Pension Regulator code of practice.</p>
<p>Not undertaking work to reconcile GMP data in line with ending of contracting out legislation resulting in possible overpayments.</p>	<p>GMP's have historically been processed when received and leavers notified to HMRC.</p>

* Actual 2014/15 management fees have increased from the budgeted amount due to an increased performance fee from Pimco, one of our Investment managers. Also increased fees from the newly appointed managers in September 13 which have a full year's management fee within the 14/15 figure. Finally, the 14/15 figure also includes £1.245m of transactions costs identified from a separate exercise so the Fund complies with the CIPFA guidance on management costs.

** Custody fees have reduced in 2014/15 as the Fund has renegotiated the fee charged by the Custodian.

Interest charged on overdue contributions

No interest was charged on any late payments as the value of the late payments did not form a material risk to the Fund. The Fund continues to monitor the timeliness of contribution receipts from all employers and will consider charging interest if the Fund experiences a series of consistent late payments from any individual employer.

To enable this to be monitored a revised procedure has been introduced in the pensions administration team and these results will be included in next year's annual report.

INVESTMENT OF FUNDS

THE FUND PURSUES A POLICY OF MANAGING RISK BY DIVERSIFYING BOTH INVESTMENTS AND INVESTMENT MANAGERS.

For 2014/15 the Fund's strategic allocation was:

Assets are held by the Fund in order to achieve returns consistent with the cost of future pension liabilities as assessed by the actuary. Actuarial valuations are undertaken every three years with the next valuation due in 2016, the results of which will be known in November 2016.

Fixed Interest Stocks (also known as Bonds) are generally considered to be less risky, as returns are less volatile than Equities. Bonds are deemed to closely match liabilities as they are both valued on the same basis. Over longer periods, investment returns achieved by Bonds are expected to be lower than those achieved by Equities. During April 2014 a switch was made from global government bonds (5%) managed by Strategic into PIMCO's investment grade credit fund

(2.5%) and their absolute return bond fund (2.5%). The 5% redemption from global government bonds was made due to the low yields currently available on government bonds.

During 2014/15, the Committee together with Officers and Aon Hewitt have been reviewing the Fund's investment strategy. This included building a greater understanding of the Fund's investment risk relative to its liabilities. A number of potential improvements to the investment strategy were reviewed and two recommendations have now been approved.

In March 2015, the 7.5% allocation to Investment Grade Bonds managed by PIMCO was reviewed. While strong returns have been generated since

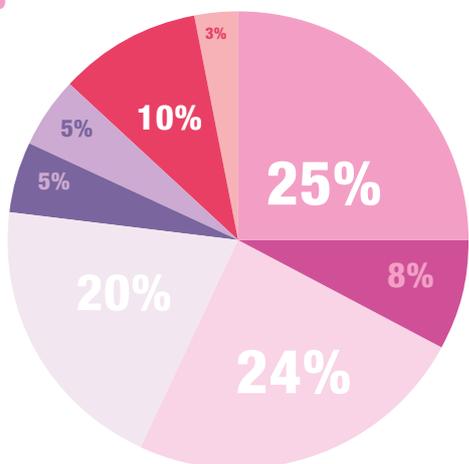

2009, the future outlook for Investment Grade Bonds now appears limited by low yields, low credit spreads and declining liquidity. All of this allocation is due to be replaced by more Unconstrained Bond Funds during 2015/16 which will provide further diversification within the Fund and improve the Fund's risk adjusted returns going forward. The defining feature of unconstrained strategies is the flexibility in their approach to asset allocation and security selection within the global bond universe, which can offer better returns and more downside protection.

It was also agreed at Pension Committee in March 2015 to commence the manager selection process for a Liability Driven Investment (LDI) manager to replace the existing holding in Index Linked Gilts. The present value of the Fund's liabilities, as measured by the Fund's Actuary, will increase if long term gilt yields (interest rates)

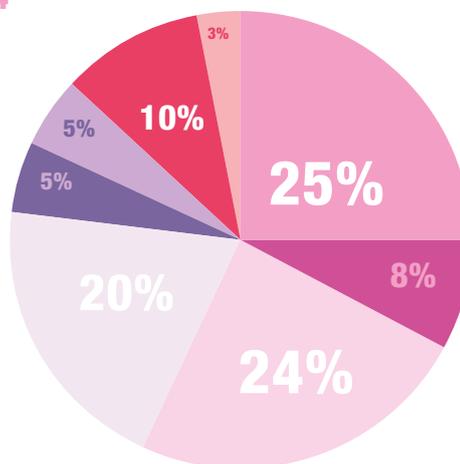

fall and if long term inflation rises. If this is not matched by a corresponding rise in the Fund's asset value then the overall funding level will fall. The current investment strategy has a 10% allocation to index-linked gilts which will move in a similar way to the liabilities as interest rates and inflation changes. By appointing an LDI manager it would enable the Fund to more efficiently match its assets to the interest rate and inflation movements of its liabilities by either increasing the level of liability matching while maintaining the allocation to growth assets or achieve the same level of liability matching while increasing the allocation to growth assets. It is expected that these appointments will provide further diversification of returns, improve the efficiency of the Fund's matching assets, specifically to match the movement of the Fund's liabilities caused by interest rates and inflation and will help maintain the high standards expected from Shropshire's investment managers.

INVESTMENT PERFORMANCE

DURING THE YEAR THE SHROPSHIRE FUND INCREASED IN VALUE BY OVER £173 MILLION TO BE VALUED AT £1.512 BILLION AT THE END OF THE YEAR. THE FUND INCREASED IN VALUE BY 13.7% OVER THE YEAR OUTPERFORMING ITS BENCHMARK BY 1.4%.

The Fund invests in a range of asset classes so as to diversify risk and provide more stable returns. The Shropshire Fund benefited from strong investment returns in a number of asset classes last year. The strongest performance was in Infrastructure where the Fund's investments increased by a notable 40% during the year. The Fund has also achieved strong returns in Global Equities managed by Investec and MFS which delivered an investment return of 21.2% and 19.6% respectively. Returns in Private Equity were also positive earning 18.6%. The Fund's Index linked bonds increased by 21.1% in line with the benchmark in the year. Hedge Funds delivered a return of 5.9% and Property 5.5% during the year. All of the managers produced positive returns during the year as shown in Graph 02.

GRAPH 01: WHOLE FUND PERFORMANCE

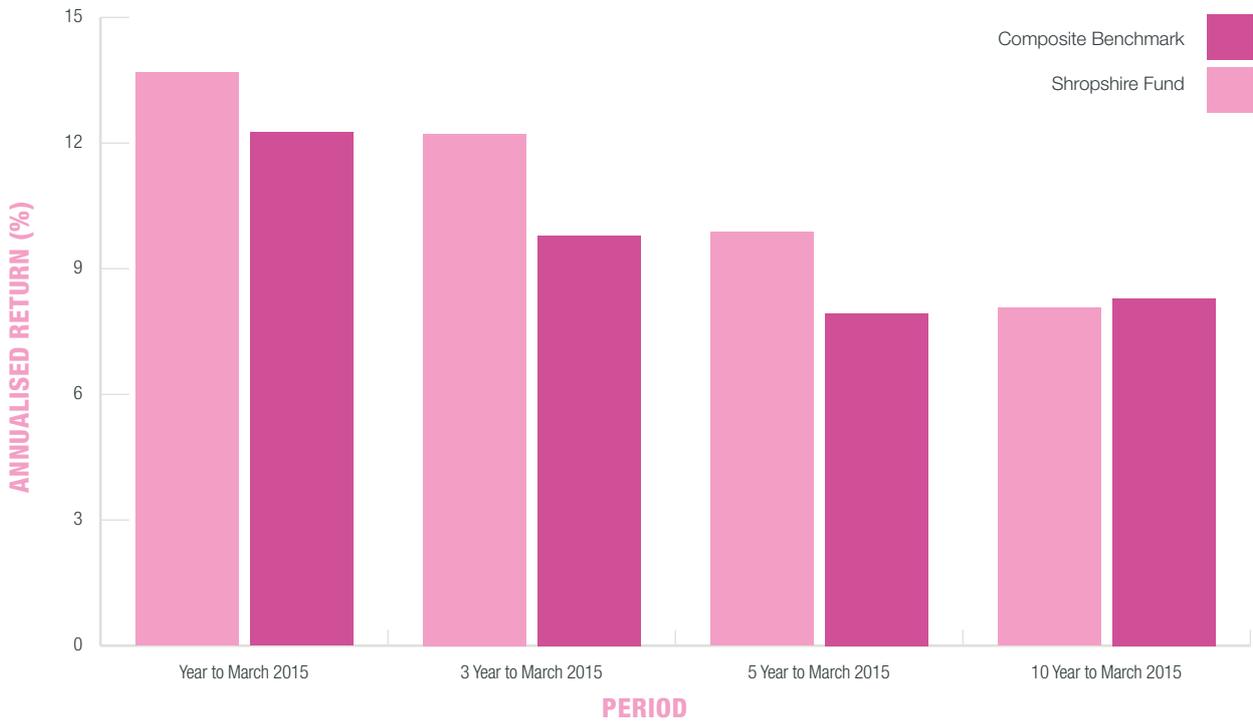

This chart shows total fund investment returns compared with the benchmark. The stock markets that make up the benchmark showed positive returns in 2014/15 of 12.3%. The Fund increased in value by 13.7% over the year outperforming its benchmark by 1.4%. Overall the Fund has increased in value by an average of 12.2% per annum over the last 3 years which is 2.4% above benchmark, 9.9% per annum over the last 5 years which is 1.9% above benchmark and by 8.1% per annum over the last 10 years, which is slightly below the benchmark by 0.2%

Performance data used in this report is provided by Northern Trust who supplies independent confirmation of the investment performance of individual managers on the Fund's behalf.

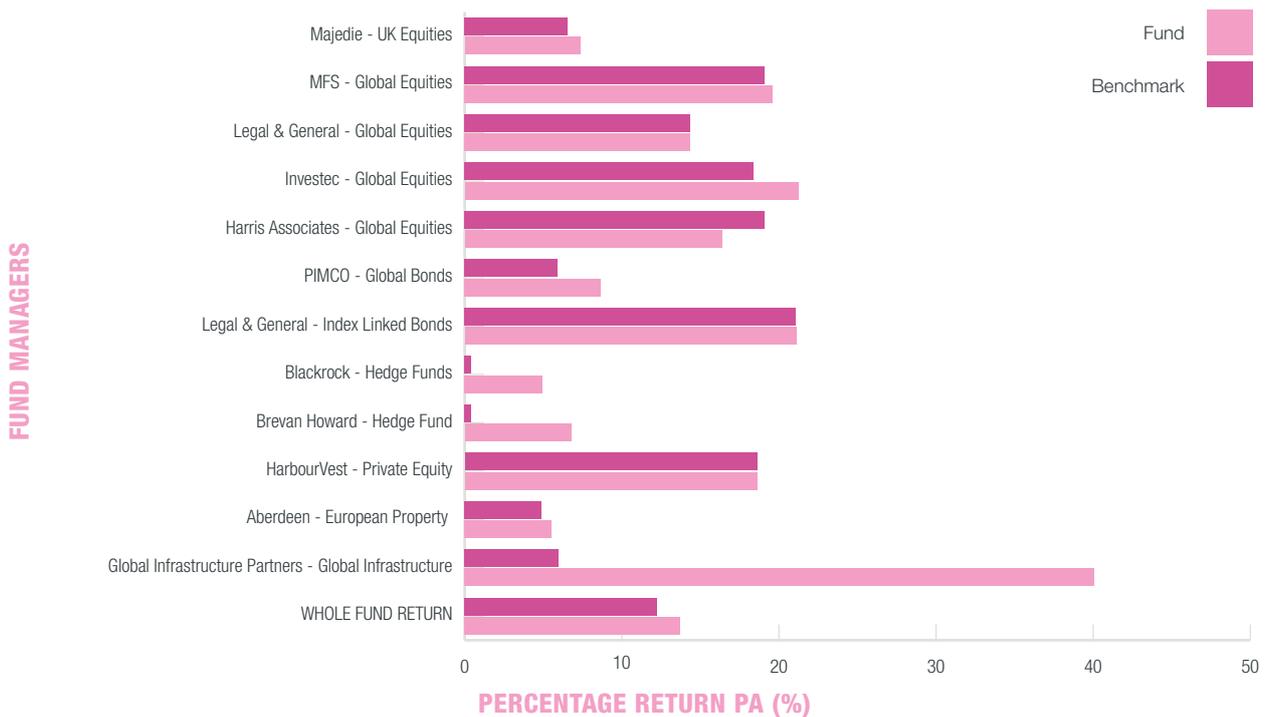

GRAPH 02: INDIVIDUAL FUND MANAGER PERFORMANCE

Individual portfolio managers are given performance benchmarks related to the indices of the assets in which they invest or an absolute return benchmark where this is more appropriate. Manager performance compared to their benchmark for the year is shown in graph 2.

CORPORATE GOVERNANCE

AND SOCIALLY RESPONSIBLE ENGAGEMENT

The Shropshire County Pension Fund takes corporate governance and social responsibility seriously. Whilst the Pensions Committee has an overriding duty to consider its financial responsibilities above any other considerations it remains committed to these important issues. Through actively voting at shareholder meetings and sustained shareholder engagement it is felt the Fund is best able to change company behaviour.

The Shropshire Fund does not restrict its investment managers in the companies in which they can invest. To do so would be contrary to the overriding financial responsibility of the Pensions Committee. Furthermore, it is difficult to define a company for exclusion. For example, companies such as Boeing and Rolls Royce are often defined as arms companies but have highly profitable non-arms related aspects to their businesses. The Pensions Committee believe it is more effective to influence company behaviour from the inside as a shareholder.

SHAREHOLDER VOTING

Shropshire County Pension Fund has been actively voting at the Annual General Meetings and Extraordinary General Meetings of the companies in which it invests for over fifteen years. The individual Fund Managers vote on the Fund's behalf on all equity portfolios.

The Fund believes that good governance is an important element in reducing the risk of corporate failures in the future. It also believes that over the long term, commitment to corporate best practice will enhance investment returns. As shareholders, we have a fiduciary interest and a responsibility in ensuring the highest standards of governance and accountability within the companies in which we invest.

Through ISS (Institutional Shareholder Services) the Fund has adopted a corporate governance policy based on codes of best practice and governance. Wherever practicable, votes are cast in accordance with industry best practice as set out in the Combined Code of Corporate Governance.

During the last year the Fund's voting activity has continued to focus on encouraging the boards of listed companies to be transparent and accountable, maintain effective systems of internal control and adopt fair remuneration structures.

SOCIALLY RESPONSIBLE ENGAGEMENT

The Shropshire Fund is addressing its social responsibility through a strategy of responsible engagement with companies. As a shareholder, the Shropshire Fund is a part owner in a large number of UK companies and by entering into dialogue with these companies it is felt that there is potential to achieve change from the inside. However, it is also recognised that there are certain industries and sectors where engagement is less effective.

Given that the Fund does not have the resources to regularly visit the companies itself, an external advisor has been employed to develop an engagement programme. F&C Asset Management provide this responsible engagement overlay on the Fund's UK Equities portfolios. F&C enter into dialogue with companies on the Fund's behalf to put to them the case for improved financial performance through better management of the negative impacts they might have on the environment and society in general.

For example, F&C travelled to Bangladesh in 2014 as part of a garment industry fact finding trip. On the ground in Dhaka, F&C had the

opportunity to directly engage local suppliers, activists, non-governmental organisations, multi-stakeholder institutions and brands (Marks & Spencer, H&M and Gap) about the pace and impact of safety and worker rights reform in the garment industry one year after the country's largest industrial accident.

From the wide range of views F&C solicited in Bangladesh some key themes did emerge. Improving worker health and safety and labour rights has climbed the priority list with action taking place with an urgency not seen before the Rana Plaza tragedy. The National Tripartite Plan of Action for Fire and Building safety, as well as the multi-stakeholder Accord on Fire and Building Safety and Alliance for Bangladesh Worker Safety initiatives have begun intensive work on the ground. A key first step was harmonisation of building codes to allow fire, structural and electrical audits to proceed against a uniform standard. These audits are underway with over 1300 completed.

In addition, the Better Work Bangladesh programme launched in October 2013. Prior to entering Bangladesh the program required labour law amendments, which were adopted, and greater transparency and consistent application of union registration criteria. Better Work will focus on services and training in industrial relations, wages and working hours, and dialogue between workers and management to ensure that progress is sustainable. The government has also increased the garment worker wage by 56%, though many still consider it still below living wage.

F&C will continue to engage apparel brands on achieving higher safety and worker protection standards in Bangladesh.

LOCAL AUTHORITY PENSION FUND FORUM

Shropshire remains a committed and active member of the Local Authority Pension Fund Forum (LAPFF). The LAPFF brings together 64 public sector pension funds (as at 31 March 2015) representing more than 75% of local government pension funds when measured by assets. LAPFF exists to promote the investment interests of local authority pension funds, and

to maximise their influence as shareholders in promoting corporate social responsibility and high standards in corporate governance among the companies in which they invest.

As a member of the Forum the Shropshire Fund has a stronger voice in influencing the companies in which it invests. Over the last 12 months our work with the Forum has included the following areas:

Executive pay

LAPFF took the opportunity to further its company engagement by challenging boards directly and raising concerns over remuneration at company AGMs. Following the issuance of voting alerts for Sports Direct and WPP on their executive pay schemes, LAPFF attended the companies' AGMs to question the boards further. LAPFF also posed questions to chairmen on remuneration at a number of AGMs including Barclays, Burberry and GlaxoSmithKline

Carbon Risk Management

LAPFF joined other global investors in writing to the 50 largest global energy and power companies, asking for disclosure on capital expenditure plans and the risks associated with development and use of reserves in light of the emerging stranded assets debate. The Forum participated in a series of meetings with BP to explore these issues further. BP has announced a focus on value over volume, recognising that demand risk is directly linked to price risk. Engagement continued with attendance at the AGM to ask about company plans to diversify into low carbon energy sources.

The question of carbon asset risk was raised at a number of other AGMs, including Rio Tinto and Shell.

Global Tax Avoidance

LAPFF has frequently expressed concerns in the past about tax avoidance and the potential for damaging impact on shareholders which flows from the reputational risks associated with the issue. The Forum joined with several other organisations to issue a public statement timed to coincide with the G20 summit in Australia in November 2014. The joint statement was widely and favourably reported by the media internationally.

REVIEW OF THE YEAR

The LGPS is one of the largest Pension Schemes

The LGPS is one of the largest pension schemes, with over 10,000 employers and 5,000,000 members in England and Wales.

Shropshire Council is required by law to administer the Local Government Pension Scheme, within the geographical area of Shropshire. The responsibilities for scheme administration are met in-house. At 31 March 2015 the Shropshire County Pension Fund, had 16,146 active members, 14,449 deferred members, 9,409 pensioners, and 138 employers, all looked after by 22 members of staff in the Pensions Administration Team.

The LGPS is a statutory scheme, and operates on a “defined benefit basis”. From the 1 April 2014 benefits for active members have been built up in the Career Average Revalued Earnings (CARE) scheme. This means that benefits for members with service pre and post April 2014 have to be calculated under the provisions of

the 1997, 2008 and 2013 LGPS Regulations and other applicable overriding legislation. The LGPS not only provides pensions for its members but also offers death benefits to spouses, civil and cohabiting partners and children. It also pays benefits early in certain cases of ill-health and redundancy. The scheme is contracted-out of the Second State Pension (S2P) and exempt approved for tax purposes.

Under Part 2 regulation 57 of The Regulations 2013 all LGPS funds are required to publish an Annual Report. The aim of the Annual Report is to provide a single source of information about the status of the Shropshire County Pension Fund for its members, employers, and other stakeholders.

The Annual Reports for the other 91 Funds are collated and reported in the consolidated report issued by the LGPS Advisory Board and can be found on www.lgpsboard.org

LGPS 2014

The introduction of the 2014 Scheme has kept the Pensions Administration Team very busy in 2014/15 ensuring that its staff, together with Fund employers and members are up to date with the new scheme. The teams work flow processes, letters, scheme guidance and web site have all been updated to ensure they meet the new legislative requirements.

The CARE scheme has brought with it additional data requirements for employers to provide for their employees in the Scheme. A significant amount of work took place in 2014/15 to help employers provide the new CARE data on a monthly basis, as required by the regulations, known as the 'monthly return'. The majority of employers were able to provide the monthly return, so up to date member data could be uploaded directly to the Pensions Administration system.

In addition a new middleware service is being piloted for 2 years. This will take data from the employer payroll systems on a monthly basis and feed it directly into the Pensions system, without manual intervention, so reducing risks of corrupted data. It is hoped when live, initially 40 employers' data will be processed monthly in this way.

At the end of the year the team were preparing for the first year end exercise post the introduction of the 2014 Scheme. Work had been undertaken with employers to try to ensure that accurate pay figures are held on individual records as at 31 March 2015 to produce the Annual Benefit Statements which will have to be sent to all active employees of the Scheme by the end of August 2015.

The team launched a new employer area on its website in September 2014. It contains the information to support employers in meeting their responsibilities.

Various training sessions for employers took place in 2014/15 including a discretions workshop in April 2014, delivered externally by Pentag Ltd, to assist employers in making and publishing their discretions policy. Further training was provided in-house, to Human Resources staff

at Shropshire Council and Telford and Wrekin Council on ill-health retirement. An employers meeting was held in January 2015 which covered ill-health retirements, LGPS data requirements and featured a presentation from The Pensions Regulator on the importance of good data and their own increased regulatory role from April 2015. The meeting was filmed for viewing online by employers unable to attend.

As well as the main employers meeting smaller workshops were provided by the team for newly converted academies and for those employers who had requested further training. The team received good feedback from all events run in 2014/15 particularly from newly converted Academies who required training on the responsibilities they now have as a scheme employer.

ACADEMIES

Academies are employing bodies in the LGPS. The Shropshire County Pension Fund had 6 schools convert to Academy Status in 2014/15.

PENSION FUND POLICIES

During 2014/15 the Governance Compliance Statement, Pensions Administration Strategy and Communications Strategy were all updated to take account of the change in regulations and the 2013 valuation. Employers were consulted on all changes and following Committee approval these documents were published on the Fund website.

THE PENSION REGULATOR CODE OF PRACTICE

The Pensions Regulator laid before parliament in 2014/15 its Public Service Code of Practice (Governance and administration of the Public Service Pension Schemes) which comes into force April 2015. The code provides Administering Authorities and New Pension Board members with a summary of their key governance and administration duties and the standards of conduct and practice the Pensions Regulator expects.

The Pensions Administration Team have assisted with the implementation of the New Pensions Board including the appointment process of the

4 representatives. Further information on the current governance arrangements can be found in section E.

FREEDOM AND CHOICE

The Pension Scheme Act 2015 introduced legislation that allowed LGPS members to transfer their LGPS benefits to Defined contribution (DC) arrangements and for the first time, from the age of 55 or over, they will have full access to the cash transferred to those arrangements.

HM Treasury, to support the April 2015 changes for DC arrangements, introduced “Pension wise” to provide guidance for members planning to transfer benefits into a DC arrangement. The Act also introduces the requirement for scheme members to take advice from an authorised Financial Conduct Authority (FCA) Independent Financial Advisor (IFA) at their own cost before making a transfer from safeguarded benefits (includes LGPS) to flexible benefits, if the transfer amount is above £30,000. The Fund has to check that a member has received independent advice from a reputable source before making any payments.

GMP RECONCILIATION

Following the end of contracting out in April 2016, the Fund has set up a project group so it can match the Guaranteed Minimum Pension (GMP) records with those on the HMRC file.

INTERNAL DISPUTE RESOLUTION PROCEDURE

**DESPITE OUR BEST EFFORTS WE DO,
SOMETIMES, RECEIVE COMPLAINTS FROM
OUR MEMBERS WHEN THEY HAVE NOT
BEEN SATISFIED WITH SCHEME DECISIONS.**

Members have the right to ask for scheme decisions to be looked at again under the formal complaint procedure and also have the right to use the procedure if a decision should but has not been made by their employer or the Fund.

The complaint procedure's official name is the Internal Dispute Resolution Procedure and the procedure is outlined in Regulation 72 of the LGPS Regulations 2013.

There are two stages to IDRPs with the first stage of the dispute going to the body that made the decision to review its decision. When a dispute persists a stage two appeal allows for independent review by the Administering Authority. Detailed below are the stage two cases received directly to the Fund for independent review.

STATEMENT BY THE CONSULTING ACTUARY

This statement has been provided to meet the requirements under Regulation 57(1)(d) of The Local Government Pension Scheme Regulations 2013.

An actuarial valuation of the Shropshire County Pension Fund was carried out as at 31 March 2013 to determine the contribution rates for the period 1 April 2014 to 31 March 2017.

On the basis of the assumptions adopted, the Fund's assets of £1,235 million represented 76% of the Fund's past service liabilities of £1,618 million (the "Funding Target") at the valuation date. The deficit at the valuation was therefore £383 million.

The valuation also showed that a common rate of contribution of 14.0% of pensionable pay per annum was required from employers. The common rate is calculated as being sufficient in the long term, together with contributions paid by members, to meet all liabilities arising in respect of service after the valuation date. It allowed for the new LGPS benefit structure which became effective from 1 April 2014.

After the valuation date, there were significant changes in financial markets. In particular there was an increase in gilt yields, which underpin the liability assessment. This improved the funding position materially to 82% with a resulting deficit of £274 million. This improvement was taken into account when setting the deficit contribution requirements for employers where required to stabilise contribution rates. On average across the Fund, the updated deficit would be eliminated by a contribution addition of £17 million per annum increasing at 4.1% per annum (equivalent to approximately 8.2% of projected Pensionable Pay at the valuation date) for 19 years if all assumptions are borne out in practice.

Further details regarding the results of the valuation are contained in the formal report on the actuarial valuation dated March 2014.

In practice, each individual employer's position is assessed separately and the contributions required are set out in the report. In addition to the certified contribution rates, payments to cover additional liabilities arising from early retirements (other than ill-health retirements) will be made to the Fund by the employers.

The funding plan adopted in assessing the contributions for each individual employer is in accordance with the Funding Strategy Statement (FSS). Any different approaches adopted, e.g. with regard to the implementation of contribution increases and deficit recovery periods, are as determined through the FSS consultation process.

The valuation was carried out using the projected unit actuarial method and the main actuarial assumptions used for assessing the Funding Target and the common contribution rate were as follows:

	FOR PAST SERVICE LIABILITIES (FUNDING TARGET)	FOR FUTURE SERVICE LIABILITIES (COMMON CONTRIBUTION RATE)
Rate of return on investments (discount rate)	4.95% per annum	5.6% per annum
Rate of pay increases (long term)*	4.1% per annum	4.1% per annum
Rate of increases in pensions in payment (in excess of Guaranteed Minimum Pension)	2.6% per annum	2.6% per annum

* Allowance was also made for short-term public sector pay restraint over a 3 year period.

The assets were assessed at market value. The next triennial actuarial valuation of the Fund is due as at 31 March 2016. Based on the results of this valuation, the contribution rates payable by the individual employers will be revised with effect from 1 April 2017.

Actuarial Present Value of Promised Retirement Benefits for the Purposes of IAS 26

IAS 26 requires the present value of the Fund's promised retirement benefits to be disclosed, and for this purpose the actuarial assumptions and methodology used should be based on IAS 19 rather than the assumptions and methodology used for funding purposes.

To assess the value of the benefits on this basis, we have used the following financial assumptions as at 31 March 2015 (the 31 March 2014 assumptions are included for comparison):

	31 MARCH 2014	31 MARCH 2015
Rate of return on investments (discount rate)	4.5% per annum	3.3% per annum
Rate of pay increases (long term)*	3.9% per annum*	3.5% per annum*
Rate of increases in pensions in payment (in excess of Guaranteed Minimum Pension)	2.4% per annum	2.0% per annum

* Includes a corresponding allowance to that made in the actuarial valuation for short-term public sector pay restraint.

The demographic assumptions are the same as those used for funding purposes. Full details of these assumptions are set out in the formal report on the actuarial valuation dated March 2014.

During the year, corporate bond yields fell significantly, resulting in a lower discount rate being used for IAS26 purposes at the year end than at the beginning of the year (3.3% p.a. versus 4.5% p.a.). The expected long-term rate of CPI inflation also fell during the year, resulting in a lower assumption for pension increases at the year end than at the beginning of the year (2.0% p.a. versus 2.4% p.a.).

The value of the Fund's promised retirement benefits for the purposes of IAS26 as at 31 March 2014 was estimated as £1,807 million.

The effect of the changes in actuarial assumptions between 31 March 2014 and 31 March 2015 as described above is to increase the liabilities by c£295 million. Adding interest over the year increases the liabilities by a further c£81 million, and allowing for net benefits accrued/paid over the period decreases the liabilities by c£2 million (including any increase in liabilities arising as a result of early retirements/augmentations).

The net effect of all the above is that the estimated total value of the Fund's promised retirement benefits as at 31 March 2015 is therefore £2,181 million.

GOVERNANCE STRUCTURE

SHROPSHIRE COUNCIL, AS ADMINISTERING AUTHORITY IS REQUIRED TO PREPARE, PUBLISH AND MAINTAIN A GOVERNANCE COMPLIANCE STATEMENT UNDER REGULATION 55 OF THE LOCAL GOVERNMENT PENSION SCHEME REGULATIONS 2013.

Outline of the Governance Structure

The Governance Compliance Statement prescribes how the Shropshire County Pension Fund is governed. It explains the role of the Pensions Committee and the Pensions Board and how it reports into the Council. The make-up of the Committee is outlined and the reasons for the current representation. The role of officers, independent advisors and employee and pensioner representatives are also clearly explained.

The Governance Compliance Statement includes details of compliance against the best practice guidelines on pension fund governance that have been issued by the Department for Communities and Local Government. The governance arrangements of the Shropshire Fund adhere to these best practice guidelines.

Under the cabinet structure in local government, management of the pension fund is a non-executive function and this is reflected in Shropshire Council's governance structure as Administering Authority.

The Pensions Committee was established in 1994 with responsibility for all matters relating to the management and administration of the Shropshire County Pension Fund. The Pensions Committee is a standing committee of the Council and is linked to Full Council by virtue of the Chairman or Vice Chairman being a Shropshire Council member.

The Shropshire County Pension Fund local Pension Board was established by Shropshire Council in 2015 under the powers of Section 5 of the Public Service Pensions Act 2013 and in accordance with regulation 106 of the Local Government Pension Scheme Regulations 2013. The local Pension Board operates independently of the Pensions Committee, details of which are set out in its terms of reference.

The latest version of the Governance Compliance Statement was approved by Pensions Committee in June 2015. Please see appendix 1 on page 67 for the latest copy.

Overall responsibility for the Shropshire County Pension Fund lies with Shropshire Council, however, this responsibility has been delegated to the S151 Officer, James Walton, Head of Finance, Governance and Assurance who is the Scheme Administrator for the Fund.

The Pension Fund Committee is responsible for advising the Scheme Administrator on the overall management of the Fund and they do this by meeting four times a year or otherwise as necessary.

Some of the main responsibilities of the Committee are as follows:

- Monitor investment activities during the year
- Monitor overall performance of all the Fund managers

- Oversee the appointment and termination of investment managers
- Monitor the activities of the administration function
- Accept new employers into the Fund
- Reviewing governance arrangements

There are nine positions on the Pension Committee, of which there are currently two vacancies as at 31 March 2015, both for employee representatives. The Fund has now appointed to one of the employee representative positions and the other position is due to be appointed to during 2015/16. Currently Shropshire Council has four votes on the Committee and Telford & Wrekin Council has two. The pensioner and employee representatives are non-voting members of the committee.

TRAINING POLICY

(MEMBERS AND OFFICERS)

As an Administering Authority of the Local Government Pension Scheme, the Council recognises the importance of ensuring that all staff and members charged with the financial management and decision making with regard to the pension scheme are equipped with the knowledge and skills to discharge the duties and responsibilities allocated to them.

The Pensions committee meets quarterly or more often if required and before each meeting there is a training session usually delivered by the Fund investment advisors, Aon Hewitt. Topics are wide ranging and in the past year have included the following:

- Update on Government consultation
- Asset Liability modelling
- Managing funding level volatility
- Investment strategy review
- Flight plans
- Liability driven investment (LDI)
- Unconstrained Bonds

As well as specific training completed at each pension fund committee meeting for members and senior officers, a number of additional training sessions were provided during the year for both members and officers.

THESE INCLUDED:

Pensions Training day

Presentations on Liability Driven Investments, the benefits of diversification, emerging markets and a review of scheme employers.

Pensions AGM

Presentations on investment performance during the year, an update on the 2014 scheme changes, private equity and also an update on the setting up of the new pensions board.

Officer Attendance at conferences, seminars and networking groups

LGC Investment Symposium, LGC Investment Summit, NAPF conference, CIPFA Pensions network seminars, North West and Wales Pension & Accounting Group.

As Head of Finance, Governance and Assurance and Scheme Administrator for Shropshire County Pension Fund I confirm that the officers and members charged with the financial management of and decision making for the pension fund collectively possessed the requisite knowledge and skills necessary to discharge those duties and make the decisions required during the reporting period.

James Walton

NOTES

TO THE SHROPSHIRE COUNTY PENSION FUND ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2015

NOTE 1: DESCRIPTION OF FUND

The Shropshire County Pension Fund is part of the Local Government Pension Scheme and is administered by Shropshire Council. The Council is the reporting entity for this Pension Fund.

The Fund is governed by the Public Service Pensions Act 2013. The Fund is administered in accordance with the following secondary legislation:

- The Local Government Pension Scheme Regulations 2013 (as amended)
- The Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014 (as amended)
- The Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009

It is a contributory defined pension scheme administered by Shropshire Council to provide pensions and other benefits for pensionable employees of Shropshire Council and a range of other scheduled and admitted bodies within the county area. Teachers, police officers and firefighters are not included as they come within other national pension schemes. The Fund is overseen by the Shropshire County Pension Fund Committee, which is a committee of Shropshire Council.

Membership of the LGPS is voluntary and employees are free to choose whether to join the scheme, remain in the scheme or make their own personal arrangements outside the scheme.

Organisations participating in the Shropshire County Pension Fund include:

- Scheduled bodies, which are local authorities and similar bodies whose staff are automatically entitled to be members of the Fund.

- Admitted bodies, which are other organisations that participate in the Fund under an admission agreement between the Fund and the relevant organisation. Admitted bodies include voluntary, charitable and similar bodies or private contractors undertaking a local authority function following outsourcing to the private sector.

There are 138 employers within the Shropshire County Pension Fund including Shropshire Council itself, as detailed below.

SHROPSHIRE COUNTY PENSION FUND	31 MARCH 2015	31 MARCH 2014
Number of employers with active members	99	95

Shropshire Council	7,265	6,857
Other employers	2,461	6,812
TOTAL	14,449	13,669

Benefits are funded by contributions and investment earnings. Contributions are made by active members of the fund in accordance with the LGPS Regulations 2013 and range from 5.5% to 12.5% of pensionable pay for the financial year ending 31 March 2015. Employee contributions are matched by employers' contributions which are set based on triennial actuarial funding valuations. The last valuation was as at 31 March 2013. Currently, employer contribution rates range from 5.4% to 28.0% of pensionable pay.

Prior to 1 April 2014, pension benefits under the LGPS were based on final pensionable pay and length of pensionable service as summarised below:

	SERVICE PRE 1 APRIL 2008	SERVICE POST 31 MARCH 2008
Pension	Each year worked is worth 1/80 X final pensionable salary	Each year worked is worth 1/60 X final pensionable salary
Lump sum	Automatic lump sum of 3x salary. In addition, part of the annual pension can be exchanged for a one-off tax free cash payment. A lump sum of £12 is paid for each £1 of pension given up.	No automatic lump sum. Part of the annual pension can be exchanged for a one-off tax free cash payment. A lump sum of £12 is paid for each £1 of pension given up.

From 1 April 2014, the scheme became a career average scheme, whereby members accrue benefits based on their pensionable pay in that year at an accrual rate of 1/49th. Accrued pension is updated annually in line with the Consumer Prices Index.

There are a range of other benefits provided under the scheme including early retirement, disability pensions and death benefits.

NOTE 2: BASIS OF PREPARATION

The Statement of Accounts summarises the Fund's transactions for the 2014/15 financial year and its position at year-end as at 31 March 2015. The accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 which is based upon International Financial Reporting Standards (IFRS), as amended for the UK public sector.

The accounts summarise the transactions of the Fund and report on the net assets available to pay pension benefits. The accounts do not take account of obligations to pay pensions and benefits which fall due after the end of the financial year.

NOTE 3: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Account – revenue recognition

Contribution income

Normal contributions, both from the members and from the employer, are accounted for on an accruals basis at the percentage rate recommended by the Fund Actuary in the payroll period to which they relate. Employers deficit

funding contributions are accounted for on the due dates on which they are payable under the schedule of contributions set out by the scheme actuary or on receipt if earlier than the due date. Employers' augmentation contributions and pensions strain contributions are accounted for in the period in which the liability arises. Any amount due in year but unpaid will be classed as a current financial asset. Amounts not due until future years are classed as long term financial assets.

Transfers to and from other schemes

Transfer values represent amounts received and paid during the year for members who have either joined or left the Fund during the financial year and are calculated in accordance with the Local Government Pension Scheme Regulations (see note 7). Individual transfers in/out are accounted when received/paid, which is normally when the member liability is accepted or discharged. Transfers in from members wishing to use the proceeds of their additional voluntary contributions to purchase scheme benefits are accounted for on a receipts basis and are included in transfers in (see note 7). Bulk (group) transfers are included for on an accruals basis in accordance with the terms of the transfer agreement.

Investment Income

Dividend income is recognised on the date the shares are quoted ex-dividend. Any amount not received by the end of the reporting period is disclosed in the net assets statement as a current financial asset.

Distributions from pooled funds are recognised at the date of issue. Any amount not received by the end of the reporting period is also disclosed in the net assets statement as a current financial asset.

Changes in the net market value of investments are recognised as income and comprise all realised and unrealised profit/losses during the year.

Fund account – expense items

Benefits payable

Pensions and lump sum benefits payable include all amounts known to be due at the end of the financial year. Any amounts due but unpaid are

disclosed in the net assets statement as current liabilities.

Taxation

The Fund is a registered public service scheme under section 1 (1) of Schedule 36 of the Finance Act 2004 and is therefore exempt from UK income tax on interest received and from capital gains tax on the proceeds of investments sold. Income from overseas investments suffers withholding tax in the country of origin, unless exemption is permitted. Irrecoverable tax is accounted for as a Fund expense as it arises and in 2014/15 this figure is £20,274.

Management expenses

The Code does not require any breakdown of pension fund administrative expenses. However, in the interests of greater transparency, the Council discloses its pension fund management expenses in accordance with the CIPFA guidance Accounting for Local Government Pension Scheme Management Costs.

All administration expenses are accounted for on an accruals basis. All staff costs of the pensions administration team are charged direct to the Fund. Associated management, accommodation and other overheads are apportioned to this activity and charged as expenses to the Fund.

All oversight and governance expenses are accounted for on an accruals basis. All staff costs associated with governance and oversight are charged direct to the Fund. Associated management, accommodation and other overheads are apportioned to this activity and charged as expenses to the Fund.

Investment management expenses

All investment management expenses are accounted for on an accruals basis.

Fees of the external investment managers and custodian are agreed in the respective mandates governing their appointments. Broadly, these are based on the market value of the investments under their management and therefore increase or reduce as the value of these investments change.

In addition, the Fund has negotiated with several managers that an element of their fee will be performance related. Performance related fees were £3.928m in 2014/15 (2013/14 £3.639m). The cost of obtaining investment advice from consultants is also included in investment managers expenses.

Where an investment manager's fee note has not been received by the balance sheet date, an estimate based upon the market value of their mandate as at the end of the year is used for inclusion in the fund account. In 2014/15, £0.013m of fees is based on such estimates (2013/14 £0.006m).

Net Assets Statement

Financial assets are included in the net assets statement on a fair value basis as at the reporting date. A financial asset is recognised in the net assets statement on the day the Fund becomes party to the contractual acquisition of the asset. From this date any gains or losses arising from changes in the fair value of asset are recognised in the fund account.

The values of investments as shown in the net assets statement have been determined as follows:

- Market quoted investments are valued by the bid market price ruling on the final day of the accounting period.
- Fixed interest securities are recorded at net market value based on their current yields.
- Investments in private equity funds are valued based on the Fund's share of the net assets in the private equity fund or limited partnership using the latest financial statements published by the respective fund manager in accordance with the guidelines set out by the British Venture Capital Association.
- Investments in infrastructure pooled funds are valued at the net asset value or a single price advised by the fund manager.
- Pooled investment vehicles are valued at closing bid price if both bid and offer prices are published. If single priced they are valued at the closing single price. In the case of pooled investment vehicles that are accumulation funds, change in market value

also includes income which is reinvested in the fund, net of withholding tax.

- Dividends, interest and purchases and sales of investments in foreign currencies have been accounted for at the spot market rates at the date of transaction. End of year spot market exchange rates are used to value cash balances held in foreign currency bank accounts, market values of overseas investments and purchases and sales outstanding at the end of the reporting period.
- Cash comprises cash in hand and demand deposits and includes amounts held by the Fund's external managers. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and that are subject to minimal risk of changes in value.
- The Fund recognises financial liabilities at fair value as at the reporting date. A financial liability is recognised in the net assets statement on the date the Fund becomes party to the liability. From this date any gains or losses arising from changes in the fair value of the liability are recognised by the Fund.
- Shropshire County Pension Fund provides an additional voluntary contributions (AVC) scheme for its members, the assets of which are invested separately from those of the pension fund. Please see note 22 for further information.

NOTE 4: CRITICAL JUDGMENTS IN APPLYING ACCOUNTING POLICIES

It is important to recognise the highly subjective nature of determining the fair value of private equity investments. They are inherently based on forward-looking estimates and judgements involving many factors. Unquoted private equities are valued by the investment managers set out by the British Venture Capital Association.

The pension fund liability is calculated every three years by the Fund Actuary. The methodology used is in line with accepted guidelines and in accordance with IAS19. Assumptions underpinning the valuations are agreed with the Actuary and are summarised in note 19. This estimate is subject to significant variances based on changes to the underlying assumptions.

NOTE 5: ASSUMPTIONS MADE ABOUT ESTIMATION UNCERTAINTY

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities at the balance sheet date and the amounts reported for the revenues and expenses during the year. Estimates and assumptions are made taking into account historical experience, current trends and other relevant factors. However, the nature of estimation means that the actual outcomes could differ from the assumptions and estimates. The items in the net assets statement as at 31 March 2015 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

ITEM	UNCERTAINTIES	EFFECT IF ACTUAL RESULTS DIFFER FROM ASSUMPTIONS
Private Equity	Private Equity investments are valued at fair value in accordance with British Venture Capital Association guidelines. These investments are not publicly listed and as such there is a degree of estimation involved in the valuation.	The total private equity investments in the financial statements are £64.3 million. There is a risk that this investment may be under or over-stated in the accounts.
Hedge Funds	The hedge funds are valued at the sum of the fair values provided by the Administrators of the underlying funds plus any adjustments deemed necessary. These investments are not publicly listed and as such there is a degree of estimation involved in the valuation.	The total hedge fund value in the financial statements is £154.4 million. There is a risk that these investments may be under/over - stated in the accounts.

NOTE 6: EVENTS AFTER THE BALANCE SHEET DATE

These are events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the financial statements are authorised for issue. There have been no events between 31 March 2015 and when these accounts were authorised that require any adjustments to be made.

NOTE 7: ANALYSIS OF THE MAIN REVENUE ACCOUNT TRANSACTIONS

The following table provides further analysis of contributions received and benefits paid between the Administering Authority (Shropshire Council), Designated Bodies and Scheme Employers (Unitary, Town and Parish Councils) and Admission Bodies (Private bodies carrying out former Local Government functions or bodies providing a public service on a non-profit making basis).

NOTE 9: INVESTMENT INCOME

The table below analyses the investment income received by the Fund (mostly in the form of dividends) over the last 12 months. There has, again, been a reduction in equity dividends due to the restructure of the Fund in September 2013 when several equity manager contracts were terminated. This year is the first full year of this effect.

NOTE 11: INVESTMENT EXPENSES

Each external Investment Manager receives a fee for their services based on the market value of the assets they manage on the Funds behalf. Active managers are required to produce a specific target return in excess of their benchmark return and are paid a performance related fee (over and above a basic fee) for reaching required levels of outperformance. The management fees disclosed also include all investment management fees directly incurred by the Fund by pooled fund investments.

NOTE 12: ADMINISTRATION EXPENSES

The costs incurred by the Council in administering the Fund totalled £0.785 million for the year ended 31 March 2015 (2013/14 £0.949m). Due to the issue of the CIPFA guidance on management costs this table has been updated to show the costs included within administration which excludes some costs now categorised within oversight and governance.

NOTE 14: ANALYSIS OF DERIVATIVES

Between November 2007 and September 2013 the Fund passively hedged 50% of all currency exposure to eliminate some of the risks over the longer term involved in holding an increased proportion of overseas investments. In 2013 a decision was made to terminate the contract with Northern Trust who provided this service due to the restructure of the Fund which took place on 30 September 2013.

From September 2013, Legal & General, who manage the global equity passive portfolio, hedge 100% of their foreign currency exposure back to sterling.

NOTE 15: CASH EQUITISATION

During 2013/14, following a review of the Fund structure, a decision was taken to terminate the Fund cash equitisation programme. This was designed to reduce risk by maintaining the Fund close to its strategic asset allocation and minimise the drag on investment performance caused by holding cash. This was completed using futures.

Following on from the restructure cash equitisation is no longer required as this is now managed within the Pension Fund team.

NOTE 16: STOCK LENDING

The Fund participates in a stock lending programme with its Custodian, Northern Trust to lend eligible securities from within its portfolio of stocks to third parties in return for collateral. Collateral is restricted to AAA Sovereign debt (the highest rated collateral available).

Collateralised lending generated income of £0.050m in 2014/15 and this is included within investment income in the Pension Fund Account. At 31 March 2015 £8.240m worth of stock (approx 0.5% of the Fund) was on loan, for which the Fund was in receipt of £8.865m worth of collateral.

Although stock lending involves the transfer of title of those securities to the borrower, the lender's rights to the normal benefits and corporate actions that would have arisen had the asset not been lent are protected. The lender thus retains an economic interest in the securities transferred.

There are no liabilities associated with the loaned assets.

NOTE 17A: CLASSIFICATION OF FINANCIAL INSTRUMENTS

Accounting policies describe how different asset classes of financial instruments are measured, and how income and expenses, including fair value gains and losses, are recognised. The following table analyses the carrying amounts of financial assets and liabilities (excluding cash) by category and net assets statement heading. No financial assets were reclassified during the accounting period.

NOTE 17C: VALUATION OF FINANCIAL INSTRUMENTS CARRIED AT FAIR VALUE

The valuation of financial instruments has been classified into three levels, according to the quality and reliability of information used to determine fair values.

Level 1:

Financial instruments at level 1 are those where the fair values are derived from unadjusted quoted prices in active markets for identical assets or liabilities. Products classified as level 1 comprise quoted equities, quoted fixed securities, quoted index linked securities and unit trusts.

Listed investments are shown at bid prices. The bid value of the investment is based on the bid market quotation of the relevant stock exchange.

Level 2:

Financial instruments at level 2 are those where quoted market prices are not available; for example, where an instrument is traded in a market that is not considered to be active, or where valuation techniques are used to determine fair value and where these techniques use inputs that are based significantly on observable market data.

Level 3:

Financial instruments at level 3 are those where at least one input that could have a significant effect on the instrument's valuation is not based on observable market data. Such instruments would include unquoted equity investments and hedge fund of funds, which are valued using various valuation techniques that require significant judgement in determining appropriate assumptions.

The values of the investment in private equity are based on valuations provided by the general partners to the private equity funds in which Shropshire County Pension Fund has invested.

These valuations are prepared in accordance with the International Private Equity and Venture Capital Valuation Guidelines, which follow the valuation principles of IFRS and US GAAP. Valuations are undertaken quarterly, however, lag quarter behind so the valuation in the accounts is as at 31st December 2014. Cash flow adjustments are used to roll forward the valuations to 31 March as appropriate.

The values of the investment in hedge funds are based on the net asset value provided by the fund manager. Assurances over the valuation are gained from the independent audit of the value.

The following table provides an analysis of the financial assets and liabilities of the pension fund grouped into levels 1 to 3, based on the level at which the fair value is observable.

NOTE 18: NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

The Fund's primary long term risk is that the Fund's assets will fall short of its liabilities (i.e. promised benefits to pay members). Therefore the aim of investment risk management is to minimise the risk of an overall reduction in the value of the Fund and to maximise the opportunity for gains across the whole fund portfolio. The Fund achieves this through asset diversification to reduce exposure to market risk (price, currency and interest rate risk) and credit risk to an acceptable level. In addition, the Fund manages its liquidity risk to ensure there is sufficient liquidity to meet the Fund's forecast cash flows. The council manages these investment risks as part of its overall pension fund risk management programme.

Responsibility for the Fund's risk management strategy rests with the pension fund committee. Risk management policies are established to identify and analyse the risks faced by the council's pensions operations. Policies are reviewed regularly to reflect changes in activity and in market conditions.

Market risk

Market risk is the risk of loss from fluctuations in equity and commodity prices, interest and foreign exchange rates and credit spreads. The Fund is exposed to market risk from its investment activities, particularly through its equity holdings. The level of risk exposure depends on market conditions, expectations of future price and yield movements and the assets mix. The objective of the Fund's risk management strategy is to identify, manage and control market risk exposure within acceptable parameters, whilst optimising the return on risk. In general, excessive volatility in market risk is managed through the diversification of the portfolio in terms of geographical and industry sectors and individual securities. To mitigate market risk the Pension Fund Officers and the Fund investment advisors undertake appropriate monitoring of market conditions and benchmark analysis.

Other price risk

Other price risk represents the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or foreign exchange risk), whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all such instruments in the market. The Fund is exposed to share and derivative price risk. This arises from investments held by the Fund for which the future price is uncertain. The Fund's investment managers mitigate this price risk through diversification and the selection of securities and other financial instruments is monitored by Fund Officers to ensure it is within limits specified in the Fund investment strategy.

Other price risk – sensitivity analysis

Following analysis of historic data and expected investment return movement during the financial year the Fund has determined that the following movements in market price risk are reasonably possible for the 2015/16 reporting period:

ASSET TYPE	POTENTIAL MARKET MOVEMENTS (+/-)
UK Equities	10.3%
Global Equities	9.0%
Property	3.6%
Private Equity	4.9%
Hedge Funds	4.6%
Global Aggregate Bonds	2.6%
UK ILG over 5 years	9.6%
Infrastructure	4.4%

The potential price changes disclosed above are broadly consistent with a one-standard deviation movement in the value of the assets. This analysis assumes that all other variables, in particular foreign currency exchange rates and interest rates, remain the same.

Had the market price of the Fund investments increased/decreased in line with the above, the change in the net assets available to pay benefits in the market price would have been as follows.

Interest rate risk

The Fund invests in financial assets e.g. corporate and index linked bonds for the primary purpose of obtaining a return on investments. These investments are subject to interest rate risks, which represent the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Fund's interest rate risk is routinely monitored by the Fund and its investment advisors in accordance with the Fund's risk management strategy, including monitoring the exposure to interest rates and assessment of actual interest rates against the relevant benchmarks.

The Fund's direct exposure to interest movements as at 31 March 2015 and 31 March

2014 is set out below. These disclosures present interest rate risk based on the underlying financial assets at fair value.

ASSET TYPE	AS AT 31 MARCH 2015 £	AS AT 31 MARCH 2014 £

Fixed Interest securities (10 years)	0	61,798,148
TOTAL CHANGE IN ASSETS AVAILABLE	413,634,743	347,019,907

The Fund recognises that interest rates can vary and can affect both income to the Fund and the carrying value of fund assets, both of which affect the value of the net assets available to pay benefits. A 100 basis point (BPS) movement in interest rates is consistent with the level of

sensitivity applied as part of the fund's risk management strategy.

The following analysis shows the effect in the year on the net assets available to pay benefits of a +/- 100 BPS change in interest rates assuming all variables, in particular exchange rates, remain constant.

This analysis demonstrates that a 1% increase in interest rates will not affect the interest received on fixed interest assets but will reduce their fair value, and vice versa. Changes in interest rates do not impact on the value of cash/cash equivalent balances but they will affect the interest income received on those balances. Changes to both the fair value of assets and the income received from investments impact on the net assets available to pay benefits.

As at 31 March 2015 the Fund also had £3.380m of Pension Fund revenue cash invested. All of this was invested in two call accounts and is classified as a variable rate investment. If interest

rates throughout the year had been 1% higher this would have increased the amount of interest earned on these investments by £0.034m. Similarly, the impact of a 1% fall in interest rates would be a £0.034m reduction in interest received. The Fund had nothing invested in fixed term deposits as at 31 March 2015.

Currency risk

Currency risk represents the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund is exposed to currency risk on financial instruments that are denominated in any currency other than £ sterling. The following table summarises the Fund's currency exposure as at 31 March 2015 and as at the previous year end:

CURRENCY EXPOSURE - ASSET TYPE	AS AT 31 MARCH 2015 £M	AS AT 31 MARCH 2014 £M
Overseas Equities	368.515	614.250
Overseas Private Equity	67.925	61.807
Overseas Pooled Property	15.043	18.871
Overseas Government Bonds	0.000	64.302
Overseas Infrastructure	16.067	11.471
TOTAL OVERSEAS ASSETS	467.550	770.701

Following analysis of historical data the Fund considers the likely volatility associated with foreign exchange rate movements to be 5% (as measured by one standard deviation). A 5% fluctuation in the currency is considered reasonable based on historical movements in the month end exchange rates over a rolling 36 month period assuming all other variables, in particular, interest rates, remain constant. A 5% strengthening/weakening of the pound against the various currencies in which the Fund holds investments would increase/decrease the net assets available to pay benefits as follows:

CURRENCY EXPOSURE - ASSET TYPE	ASSET VALUE AS AT 31 MARCH 2015	CHANGE TO NET ASSETS AVAILABLE TO PAY BENEFITS +5%	-5%
Overseas Equities	368.515	386.941	350.089
Overseas Private Equity	67.925	71.321	64.529
Overseas Pooled Property	15.043	15.795	14.291
Overseas Infrastructure	16.067	16.870	15.264
TOTAL CHANGE IN ASSETS AVAILABLE	467.550	490.927	444.173

CURRENCY EXPOSURE - ASSET TYPE	ASSET VALUE AS AT 31 MARCH 2014	CHANGE TO NET ASSETS AVAILABLE TO PAY BENEFITS	
		+5%	-5%
Overseas Equities	614.250	644.963	583.538
Overseas Private Equity	61.807	64.897	58.717
Overseas Pooled Property	18.871	19.815	17.927
Overseas Government Bonds	64.302	67.517	61.087
Overseas Infrastructure	11.471	12.045	10.897
TOTAL CHANGE IN ASSETS AVAILABLE	770.701	809.237	732.166

Credit Risk

Credit risk is the risk that the counterparty to a transaction or a financial instrument will fail to discharge an obligation and cause the Fund to incur a financial loss. The market value of investments generally reflects an assessment of credit in their pricing and consequently the risk of loss is provided for in the carrying value of the Fund's financial assets and liabilities.

In essence the Fund's entire investment portfolio is exposed to some form of credit risk, (the Fund currently does not hold any but derivatives positions would be an exception here, where risk equates to the net market value of a positive derivative position). However, the selection of high quality counterparties, brokers and financial institutions minimises credit risk that may occur through the failure to settle a transaction in a timely manner.

The investment priorities for the management of the pension fund revenue cash held for day to day transactions are the security of the principal sums it invests. The enhancement of returns is a secondary consideration to the reduction of minimisation of risk. Accordingly, the Administering Authority ensures that its counterparty lists and limits reflect a prudent attitude towards organisations with whom funds may be deposited.

The main criteria for determining the suitability of investment counterparties is outlined in the Administering Authority's creditworthiness policy which the Pension Fund has also adopted and approved as part of the annual Pension Fund Treasury strategy.

The Fund's lending list is reviewed continuously in conjunction with the Administering Authority's

treasury advisor. The total permitted investment in any one organisation at any one time varies with the strength of the individual credit rating. The maximum amount is currently limited to £4,000,000. With security of capital being the main priority, lending continues to be restricted to highly credit rated institutions, part nationalised institutions and other Local Authorities. In addition to credit ratings the Administering Authority continually monitors the financial press and removes institutions from its approved lending list immediately if appropriate.

	RATING	AS AT 31 MARCH 2015 £M	AS AT 31 MARCH 2014 £M
NatWest Instant Access Account	A	1,380,000	650,000
Handelsbanken Instant Access Account	AA-	2,000,000	2,000,000
TOTAL		3,380,000	2,650,000

Liquidity risk

Liquidity risk represents the risk that the Fund will not be able to meet its financial obligations as they fall due i.e. that cash is not available when required. The Fund therefore takes steps to ensure that there are adequate cash resources to meet its commitments. This will particularly be the case for cash from the cash flow matching mandates from the main investment strategy to meet the pensioner payroll costs and also to meet investment commitments.

The Fund has immediate access to cash through two instant access accounts which at any one time could have up to £6 million available in total. The Fund also has the ability to access immediate cash held by Northern Trust which as at 31 March 2015 was £23.135m. The Fund does not have access to an overdraft facility. All financial liabilities at 31 March 2015 are due within one year.

NOTE 19: FUNDING ARRANGEMENTS

In line with the Local Government Pension Scheme Regulations 2013, the Fund's actuary undertakes a funding valuation every three years for the purpose of setting employer contribution rates for the forthcoming triennial period. The last valuation was undertaken as at 31 March 2013. The next valuation will take place as at 31 March 2016.

The key elements of the funding policy are:

- To ensure the long term solvency of the Fund, i.e. that sufficient funds are available to meet all pension liabilities as they fall due for payment
- To ensure that employer contribution rates are as stable as possible
- To minimise the long-term cost of the scheme by recognising the link between assets and liabilities and adopting an investment strategy that balances risk and return
- To reflect the different characteristics of employing bodies in determining contribution rates where the administering authority considers it reasonable to do so
- To use reasonable measures to reduce the risk to other employers and ultimately to the council tax payer from an employer defaulting on its pension obligations

The funding target is the present value of 100% of projected accrued liabilities, including allowance for projected final pay. The Funding strategy statement specifies a target period for achieving full funding of 19 years (19 years as at the 2010 valuation). For each individual employer, the funding objective, method and assumptions depend on a particular employer's circumstances and different approaches have been adopted where applicable, in accordance with the Funding Strategy Statement.

At the 2013 actuarial valuation, the Fund was assessed as 76% funded (81% at the March 2010 valuation). This corresponded to a deficit of £383 million (2010 valuation was £226 million) at that time. Revised contributions set by the 2013 valuation were introduced in 2014/15 and the common contribution rate (i.e. the average employer contribution rate in respect of future service only) is 14.0% of pensionable pay.

The valuation of the Fund has been undertaken by the projected unit method under which the salary increase assumed for each member is assumed to increase until they leave active service by death, retirement or withdrawal from service. The principal assumptions were as follows:

FINANCIAL ASSUMPTIONS	31 MARCH 2013	31 MARCH 2010
Discount rate	4.95% p.a.	6.25% p.a.
Assumed long term CPI inflation	2.6% p.a.	3.0% p.a.
Salary increases – long term	4.1% p.a.	4.5% p.a.
Salary increases – short term	1% p.a. for 3 years	In line with Government proposals
Pension increases in payment	2.6% p.a.	3.0% p.a.

MORTALITY ASSUMPTIONS	MALE	FEMALE
Current pensioners (at age 65)	23.7	26.0
Future pensioners (assumed current age 45)	25.9	28.8

NOTE 20: ANALYSIS OF DEBTORS

Provision has been made for debtors known to be outstanding as at 31 March 2015. An analysis of debtors is shown below:

0.978	Other entities and individuals	3.230
4.938		4.469

NOTE 22: ADDITIONAL VOLUNTARY CONTRIBUTIONS

Scheme members have the option to make Additional Voluntary Contributions (AVC's) to enhance their pension benefits. These contributions are invested with an appropriate provider and used to purchase an annuity at retirement. Contributions are paid directly from scheme members to the AVC provider and are therefore not represented in these accounts in accordance with regulation 4 (2) (b) of the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009 (SI 2009 No3093).

Contributions are invested in with-profit, unit linked or deposit funds of the scheme member. At present there are around 534 scheme members with AVC policies. These policies are held either by Equitable Life or Prudential.

During 2014/15 contributions to the schemes amounted to £0.530m. The combined value of the AVC funds as at 31 March 2015 was £4.228m.

NOTE 23: RELATED PARTY TRANSACTIONS

The Shropshire County Pension Fund is administered by Shropshire Council. Consequently there is a strong relationship between the Council and the Pension Fund. Shropshire Council incurred costs of £0.906m (2013/14 £1.112m) in relation to the administration of the Fund and was subsequently reimbursed by the Fund for these expenses.

Shropshire Council is also the single largest employer of members of the pension fund and contributed £18.686m (2013/14 £17.627m). All monies owing to the Fund were paid across in the year. The Scheme Administrator of the Shropshire County Pension Fund is also the Head of Finance, Governance & Assurance for Shropshire Council.

Several employees of Shropshire Council hold key positions in the financial management of the Shropshire County Pension Fund. The Head of Finance, Governance & Assurance (s151 Officer & Scheme Administrator), the Head of Treasury and Pensions, the Treasury Accountant, the Investment Officer and the Pensions

Administration Manager are all active members of the Fund.

Paragraph 3.9.4.3 of the Code exempts local authorities from the key management personnel disclosure requirements of IAS24, on the basis that the disclosure requirements for officer remuneration and members' allowances detailed in section 3.4 of the Code (which are derived from the requirements of Regulation 7(2)-(4) of the Accounts and Audit (England) Regulations 2011 and Regulation 7A of the Accounts and Audit (Wales) Regulations 2005) satisfy the key management personnel disclosure requirements of paragraph 16 of IAS 24. This applies in equal measure to the accounts of the Shropshire County Pension Fund.

The disclosures required by Regulation 7(2)-(4) of the Accounts and Audit (England) Regulations can be found in the main accounts of Shropshire Council.

Under legislation, introduced in 2003/04, Councillors are entitled to join the scheme and three Members of the Pension Fund Committee are Members of the Fund. These are Thomas Biggins, Malcolm Pate and Andrew B Davies.

Jean Smith, Pensioner representative is also a member of the Fund.

Legislation which came into force on 1 April 2014 means the LGPS is only available to councillors and elected mayors of an English County Council or District Council who elected to join before 31 March 2014. From 1 April 2014 access to the LGPS for councillors has been removed. Current members can continue in the LGPS until the end of their individual office.

NOTE 24: CONTRACTUAL COMMITMENTS

The Fund has a 5% (£76 million) strategic asset allocation to Private Equity. It is necessary to over commit the strategic asset allocation because some private equity investments will mature and be repaid before the committed capital is fully invested.

As at 31 March 2015 £123m has been committed to investment in private equity via a fund of funds

manager (HarbourVest Partners). Investment in this asset class will be made as opportunities arise over the next 2-3 years. As at 31 March 2015 the funds Private Equity investments totalled £64.337m.

NOTE 25: CONTINGENT ASSETS

11 admitted body employers in the Shropshire County Pension Fund hold bonds to guard against the possibility of being unable to meet their pension obligations. These bonds are drawn in favour of the pension fund and payment will only be triggered in the event of employer default.

NOTE 26: VALUE ADDED TAX

The Fund is reimbursed VAT by HM Revenue and Customs. The accounts are shown exclusive of VAT.

NOTE 27: CUSTODY OF INVESTMENTS

Custodial Services are provided to the Fund by Northern Trust. This includes the safekeeping of assets, the collection of income, the exercise of voting rights and the monitoring and execution of corporate actions in conjunction with investment managers. The Custodian also provides independent confirmation of the assets and their value held by the Fund. Securities are held on a segregated basis via a nominee account and are clearly separated from the Custodian's own assets.

NOTE 28: FUND AUDITORS

Grant Thornton has completed its audit in accordance with the Audit Commission Act 1998, the Code of Audit Practice issued by the Audit Commission and International Standards on Auditing (UK and Ireland) issued by the Auditing Practice Board. The Audit Certificate is published within this report.

NOTE 29: PENSION FUND BANK ACCOUNT

In March 2010 a separate bank account was opened for the Shropshire County Pension Fund and from the 1 April 2010 all income received is being paid into this account. The balance on this account is monitored daily and surplus cash balances invested and as at 31 March 2015 £3.380 million was invested. The cash balance in the Pension Fund account as at the same date was £0.020 million. All expenditure is still being paid by Shropshire Council on behalf of the Fund and this is reimbursed to Shropshire Council on a monthly basis.

NOTE 30: FUND STRUCTURE UPDATE

At the March 2014 Pensions Committee a decision was taken to disinvest funds with Strategic Fixed Income and invest additional assets with Pimco. This process took place in May 2014.

STATEMENT OF RESPONSIBILITIES

For the statement of accounts

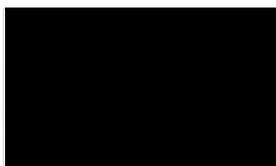

Shropshire Council's Responsibilities

Shropshire Council, as administering authority for the Shropshire County Pension Fund, is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, the responsibility of Chief Financial Officer is allocated to the Head of Finance, Governance & Assurance (s151 Officer & Scheme Administrator);
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- Approve the Statement of Accounts.

Approved by Pensions Committee

The Statement of Accounts was approved at a meeting of the Pensions Committee on 25 September 2015.

Malcolm Pate
Chair of Pensions Committee
25 September 2015

Responsibilities of Head of Finance, Governance & Assurance (s151 Officer & Scheme Administrator) as Chief Financial Officer

The Head of Finance, Governance & Assurance & Scheme Administrator is responsible for the preparation of the Shropshire County Pension Fund's Statement of Accounts in accordance with proper practices as set out in the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom ("the Code of Practice").

In preparing this Statement of Accounts, the Head of Finance, Governance & Assurance & Scheme Administrator:

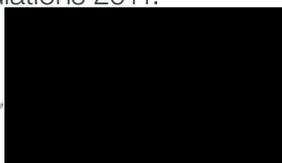

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent;
- Complied with the Code of Practice.

The Head of Finance, Governance & Assurance & Scheme Administrator has also:

- Kept proper accounting records which were up to date;
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

Certificate of the Chief Financial Officer

I hereby certify that the Shropshire County Pension Fund Statement of Accounts presents a true and fair view of the financial position and the income and expenditure of the Fund for the year ended 31 March 2015 and also that the Statement of Accounts complies with the requirements of the Accounts and Audit Regulations 2011.

INDEPENDENT AUDIT OPINION AND CERTIFICATE

Independent Auditor's Report

INDEPENDENT AUDITOR'S STATEMENT TO THE MEMBERS OF SHROPSHIRE COUNCIL ON THE PENSION FUND FINANCIAL STATEMENTS INCLUDED IN THE PENSION FUND ANNUAL REPORT

We have examined the pension fund financial statements of Shropshire Council for the year ended 31 March 2015 under the Audit Commission Act 1998, which comprise the fund account, the net assets statement and the related notes.

This statement is made solely to the members of Shropshire Council, as a body, in accordance with Part II of the Audit Commission Act 1998 and as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010. Our work has been undertaken so that we might state to the members of the authority those matters we are required to state to them in an auditor's statement and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF THE HEAD OF FINANCE, GOVERNANCE & ASSURANCE (S151 OFFICER & SCHEME ADMINISTRATOR) AND AUDITOR

As explained more fully in the Statement of the Head of Finance, Governance & Assurance (s151 Officer & Scheme Administrator)'s Responsibilities, the Head of Finance, Governance & Assurance (s151 Officer & Scheme Administrator) is responsible for the preparation of the Statement of Accounts of Shropshire Council which include the pension fund's financial statements, in accordance with applicable law, proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15, and for being satisfied that they give a true and fair view.

Our responsibility is to state to you our opinion on the consistency of the pension fund financial statements included in the pension fund annual report with the pension fund financial statements included in the Statement of Accounts of Shropshire Council, and its compliance with applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15.

In addition we read the other information contained in the pension fund annual report and consider the implications for our statement if we become aware of any apparent misstatements or material inconsistencies with the pension fund financial statements. The other information consists of the: Introduction, Management and Financial Performance, Investment Policy and Performance, Scheme Administration Report, Actuarial Report on Funds, Governance Arrangements, Pensions Administration Strategy Report, Funding Strategy Statement, Statement of Investment Principles, Communications, Further information, Governance Compliance Statement, Administration Strategy Statement. Funding Strategy Statement, Statement of Investment Principles, and the Communications Policy statement.

We conducted our work in accordance with guidance issued by the Audit Commission. Our report on the administering authority's annual Statement of Accounts describes the basis of our opinion on those financial statements.

OPINION

In our opinion, the pension fund financial statements are consistent with the pension fund financial statements included within the annual Statement of Accounts of Shropshire Council for the year ended 31 March 2015 and comply with applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2014/15.

OTHER FUND POLICIES

E: Governance Compliance Statement

This Statement has been prepared by Shropshire Council (the Administering Authority) to set out the governance arrangements for the Shropshire County Pension Fund, in accordance with The Local Government Pension Scheme Regulations 2013 (Regulation 55).

The latest copy of this document can be found in appendix 1 on page 67

G: Pensions Administration Strategy Report

Pension Fund administering authorities have discretion as to whether to prepare a pensions administration strategy statement. Shropshire Council, as Administering Authority do produce a report under regulation 59 of The Local Government Pension Scheme Regulations 2013.

This report sets out the administration processes for the Fund and outlines the policies and performance standards towards providing a cost-effective, inclusive and high quality administration service.

The latest copy of this document can be found in appendix 2 on page 79

H: Funding Strategy Statement

Administering authorities have been required to prepare, publish and maintain a funding strategy statement (FSS) under Regulation 58 of The Local Government Pension Scheme 2013.

This document provides the basis for the actuarial valuation which occurs every three years. The Funding Strategy Statement formed the basis of the 2013 actuarial valuation. It sets out in a transparent way the Fund's prudent approach to meeting pension liabilities and maintaining stable employer contribution rates. It outlines the financial assumptions used in the actuarial valuation and identifies the risks and countermeasures employed by the Fund.

Please see appendix 3 on page 89 for the latest copy of this document.

I: Statement of Investment Principles

Pension Fund administering authorities are also required to prepare, maintain and publish a statement of investment principles (SIP) under Regulation 12 of the LGPS (Management and Investment of Funds) Regulations 2009.

This document sets out the investment objectives of the Fund and how investments are allocated between equities, bonds and alternatives. Target investment performance is defined for each of the investment managers. The Fund's approach to social, environmental and ethical issues is also explained as is the Fund's compliance with Myners Principles.

Please see appendix 4 on page 99 for the latest copy of this document.

COMMUNICATIONS

How we keep in touch with our members and employers

01: COMMUNICATIONS POLICY

Part 2 (61) of the LGPS regulations 2013, state that an administering authority must prepare, maintain and publish a written statement setting out its policy concerning communications with members, representatives of members, prospective members; and scheme employers. The Communications Policy was updated in June 2014 to take account of changes in legislation from the introduction of the new LGPS on 1 April 2014 and other relevant legislation.

Following another review in April 2015 the communications policy statement was also updated in June 2015 and the statement in place from this date can be found in Appendix 5. The statement sets out the Funds formal policy concerning communications with its stakeholders including the format and frequency of information provided. Following any amendments this document is passed for approval to Pensions Committee and is published on the Fund website.

02: PARTICIPATION AT A NATIONAL LEVEL

The Fund's Communications Officer is part of the Communications Working Group (CWG) set up by the Local Government Association (LGA). It is a meeting of communication professionals from LGPS funds in England and Wales in a collaborative forum, who meet on a quarterly basis to develop items of communication, primarily for scheme members in the LGPS.

A communications plan is developed and agreed on an annual basis to detail the areas of work the group will be focusing on each year. This is to ensure that all administering authorities pension funds and employers are aware of the items of communication the group is aiming to produce.

Details on the work being carried out by the Communications Working Group for 2015/16 are available on the website www.lgpsregs.org

03: NEW SCHEME FOR 2014

Since the introduction of the CARE scheme communication to scheme members and employers has been the main focus in 2014/15. It is important to the Fund to provide members and employers with as much information as possible concerning the operation of the LGPS and to distinguish between the accrual of Final Salary and CARE benefits.

During the last twelve months a number of newsletters have been issued to all contributing members, some of these have been collaboration projects with other funds. The main purpose of the newsletters is to satisfy disclosure requirements, by informing contributing members about changes in the regulations of the LGPS. These publications were not produced at fixed times, but rather in response to changes in the regulations. All newsletters issued to members in 2014/15 can be found on the Funds website.

04: PRESENTATIONS IN THE WORKPLACE

Throughout 2014/15 the communications officer was asked to attend various work places by scheme employers in order to provide pensions information to scheme members.

Following the issue of Annual Benefit Statements in September 2014 presentations were run in Telford and Shrewsbury throughout October 2014. Over 80 scheme members attended over 2 days and the presentations given were very well received.

05: INTOUCH NEWSLETTER

The InTouch newsletter was sent to all retired members at the end of September 2014 and April 2015. The April edition accompanied the P60/Payslip/Pension increase notification document.

06: EMPLOYER TRAINING

An employer meeting was held on 14th January 2015 and presentations were given on Ill Health Retirements, LGPS data requirements as well as a talk from the Pensions Regulator. The Pensions Regulator discussed the importance of good data and their increased regulatory roles from April 2015.

As part of a review of the Ill Health Retirement process in the year, feedback was requested from the Fund's Independent Registered Medical Practitioners (IRMP) on the current ill health retirement process. Three IRMP's responded with constructive feedback which was shared with Fund employers with some of the issues raised had already been covered in the recent training sessions. A further review is due to take place later in 2015.

Employers were also asked how they communicate with their employees and whether they would be interested in any web based guidance and training. The findings were:

- 4 out of 8 employers regularly directed their employees to view the Fund's website to find further information
- Email to employees was the most popular method of contact followed by face to face meetings
- All employers who responded communicate with their staff via email
- Some of the respondents indicated that they would be interested in webinars for employer training

07: NEW PENSIONS WEBSITE

The new pensions website was launched in April 2014 and a dedicated secure employers' area went live in autumn 2014. The employer area has been developed throughout 2014/15 and employers have been encouraged to use this area for LGPS guidance.

Work on the website has continued towards the end of 2014/15 and following a review of the 'most viewed' pages a restructure of the pages to improve member experience is planned for Summer 2015.

08: ANNUAL BENEFIT STATEMENTS

Work is underway on the production of the 2015 Annual Benefit Statement. This is to be a joint project with Warwickshire, Staffordshire, Cheshire, Northamptonshire and Cambridgeshire Pension Funds. Shropshire Pension Fund is leading on the production of this statement and following a regulation change the statement must be issued by 31st August.

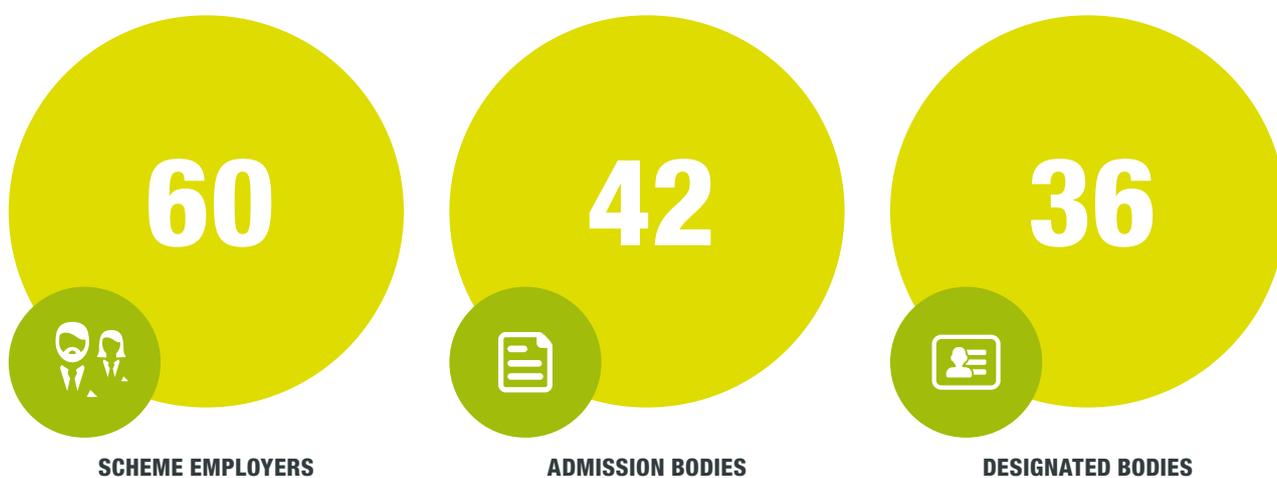

The Deferred Benefit Statements are to be issued by the end of June 2015.

09: TEAM TRAINING

Team training day took place on 16th March 2015 in the Shirehall Council Chamber. The day covered outstanding areas of the New 2014 Scheme Regulations where guidance has only recently been released from the LGA. This focused on the Aggregation of service and the employer role when undertaking an Ill Health Retirement. A Team Development session was also provided by Corporate Training which looked at understanding self and others and motivation.

GLOSSARY

ACTUARY

An independent consultant who advises the Fund and every three years formally reviews the assets and liabilities of the Fund and produces a report on the Fund's financial position, known as the Actuarial Valuation.

ADDITIONAL VOLUNTARY CONTRIBUTIONS (AVC)

An option available to individuals to secure additional pension benefits by making regular payments in addition to the basic employee contribution payable.

ADMISSION BODIES

Bodies whose staff can become members of the Pension Fund by virtue of an admission agreement made between the Fund and the relevant body.

BENCHMARK

A yardstick against which the investment performance of a fund manager can be compared, usually the index relating to the particular assets held.

CASH EQUITISATION

A technique using financial futures to minimise the drag on investment performance by holding cash.

CORPORATE BONDS

Investment in certificates of debt issued by a company. These certificates represent loans which are repayable at a future date with interest.

CURRENCY HEDGING

A technique using forward currency contracts to off set the risks associated with the changing value of currency on the Funds overseas investments.

CUSTODY

Safe-keeping of securities by a financial institution. The custodian keeps a record of a client's investments and may also collect income, process tax reclaims and provide other services according to the client's instructions.

DEFERRED PENSION

The inflation linked retirement benefits payable from normal retirement age to a member of the Fund who has ceased to contribute as a result of leaving employment or opting out of the pension scheme before the normal retirement age.

DESIGNATED BODIES

An organisation which must make a statutory resolution covering some or all of its employees, stating that they may be scheme members.

EMERGING MARKETS

Developing economies in Latin America, Africa, Asia, and the Middle East as well as areas of Europe and the Far East. Investment returns within these markets tend to be more volatile than those in more established markets.

EQUITIES

Ordinary shares in UK and overseas companies traded on a stock exchange. Shareholders have an interest in the profits of the company and are entitled to vote at Shareholders' meetings.

FIXED INTEREST SECURITIES

Investments in mainly government but also company stocks, which guarantee a fixed rate of interest. The securities represent loans which are repayable at a future date but which can be traded on a recognised stock exchange before the repayment date.

FUND OF FUNDS

Funds whose principle activity is investing in other investment funds. Investors in funds of funds can increase their level of diversification and take advantage of the experience and research capability of the fund of funds manager.

FUTURES

A contract made to purchase or sell an asset at an agreed price on a specified date.

HEDGE FUNDS

An investment fund that uses sophisticated investment strategies to profit from opportunities on financial markets around the world. These strategies include borrowing money to make investment, borrowing shares in order to sell them and profiting from company mergers.

INFRASTRUCTURE

A relatively new asset class often regarded as a stable source of cash flow with limited correlation to other asset classes providing diversification and low volatility. Its inflation hedging and long duration characteristics have also added to its attraction for investors. Infrastructure encompasses two broad groups: economic (transportation, utilities and communications) and Social (schools, hospitals, prisons and government buildings).

INDEX LINKED SECURITIES

Investment in government stock that guarantee a rate of interest linked to the rate of inflation. These securities represent loans to government which can be traded on recognised stock exchanges.

MARKET VALUE

The price at which an investment can be bought or sold at a given date.

MYNERS PRINCIPLES

A set of 6 principles which Pension Schemes are required to consider and publish their degrees of compliance. The principles require Pension Schemes to disclose, for example, the effectiveness of decision making, performance management reporting and approach to shareholder voting.

POOLED INVESTMENT VEHICLES

Any fund in which multiple investors contribute assets and hold them as a group.

PRIVATE EQUITY

Investments into new and developing companies and enterprises which are not publicly traded on a recognised stock exchange.

RETURN

The total gain from holding an investment over a given period, including income and increase (decrease) in market value.

SCHEME EMPLOYERS

Councils and other similar bodies whose staff automatically qualify to become members of the Pension Scheme.

STAKEHOLDERS

Members who have a financial interest in the Fund's investments.

TRANSFER VALUE

These are sums which represent the capital value of past pension rights which a member may transfer on changing pension schemes.

UNIT TRUST (MANAGED FUNDS)

A pooled Fund in which small investors can buy and sell units. The pooled Fund then purchases investments, the returns on which are passed on to the unit holders. It enables a broader spread of investments than investors could achieve individually.

COMMUNICATIONS POLICY STATEMENT

INTRODUCTION

1. This Statement has been prepared by Shropshire Council (the Administering Authority) to set out the governance compliance statement for the Shropshire County Pension Fund (the Scheme), in accordance with The Local Government Pension Scheme Regulations 2013 (Regulation 55 refers), and its predecessor, Regulation 31 of the Local Government Pension Scheme Regulations 2008 (as amended).
2. It has been prepared by the administering authority in consultation with appropriate interested persons.

PURPOSE OF GOVERNANCE COMPLIANCE STATEMENT

3. The regulations on governance compliance statements require an administering authority, after consultation with such persons as they consider appropriate, to prepare, maintain and publish a written statement setting out:
 - a. whether it delegates its functions, or part of its functions, in relation to maintaining a pension fund to a committee, sub-committee or officer of the authority;
 - b. and, if so, it must state:
 - the terms of reference, structure and operational procedures of the delegation;
 - the frequency of any committee/ sub-committee meetings;
 - whether the committee/sub-committee includes representatives of employing authorities (including non-scheme employers) or scheme members and, if there are such representatives, whether they have voting rights.
 - c. the extent to which delegation, or the absence of a delegation, complies with guidance given by the Secretary of State and, to the extent that it does not so comply, the reasons for not complying.
 - d. details of the terms, structure and operational procedures relating to the local pension board established under regulation 106 (local pension boards: establishment).
4. Thus, the policy statement should include information about all of the administering authority's pension fund governance arrangements. Information about the representation of employers should cover

any arrangements for representing admitted body employers (non-scheme employers).

Governance of Shropshire County Pension Fund

5. Under the cabinet structure in local government, management of the pension fund is a non-executive function and this is reflected in the Shropshire Council governance structure that is set out below.
6. The Pensions Committee was established in 1994 with responsibility for all matters relating to the management and administration of the Shropshire County Pension Fund. The Pensions Committee is a standing committee of the Council and is linked to Full Council by virtue of the Chairman or Vice Chairman being a Shropshire Council member.
7. The Shropshire County Pension Fund local Pension Board was established by Shropshire Council in 2015 under the powers of Section 5 of the Public Service Pensions Act 2013 and in accordance with regulation 106 of the Local Government Pension Scheme Regulations 2013. The local Pension Board operates independently of the Pensions Committee, details of which are set out in its terms of reference (summarised below).

SHROPSHIRE COUNCIL

Pensions Committee (non-executive committee) The Pensions Committee reports to Full Council. It meets formally at least quarterly and more frequently if formal decisions are required. In between meetings Chairman's approval may be sought.

Terms of Reference:

- a. To advise the Council on the arrangements for the proper administration of the Shropshire County Pension Fund in accordance with the Local Government Regulations 2013 and the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009;
- b. To advise employing organisations and employees within the Fund of their benefits, contributions and the financial performance of the Fund;
- c. To advise and assist the Council on the determination of any matters of general

policy relating to the investment of the Pension Fund;

- d. To approve the annual report and accounts of the Fund and hold an Annual Meeting.
- 8.** The Pensions Committee formal terms of reference (above) are interpreted as including:
- Admission of employing organisations to the Fund where discretion is permitted;
 - Appointment of external advisors and actuaries to assist with the administration of the Fund, and of external managers for the management of the Fund's portfolio of assets;
 - Approval of the periodic formal valuation of the Fund;
 - Consideration of the advice of the Council's external investment advisers and of the Scheme Administrator;
 - Determination of the objectives and general investment approach to be adopted by external fund managers;
 - Review and monitoring of investment transactions and the overall investment performance of the Fund;
 - To develop and implement shareholder policies on corporate governance issues;
 - To review and approve on a regular basis the content of the Statement of Investment Principles and to monitor compliance of the investment arrangements with the Statement;
 - To review the Funding Strategy Statement in detail at least every three years ahead of the triennial valuations being carried out, in order to inform the valuation process;
 - To review and approve on a regular basis the Communications Policy for the Fund;

REPRESENTATION

- 9.** Representation on the Pensions Committee is as follows:

ORGANISATION	ALLOCATION
Shropshire Council	4
Borough of Telford and Wrekin Council (co-opted)	2
Employees (co-opted)	2 (non-voting)
Pensioners (co-opted)	1 (non-voting)

The Administering Authority (Shropshire Council) always holds either the Chairmanship or Vice Chairmanship. The position of Chairman and Vice Chairman rotate between Shropshire

Council and the Borough of Telford & Wrekin on a one year basis.

The Committee is supported by the advice from an independent advisor and investment consultant – one advises on strategic issues and overall investment approach and the investment consultant provide analysis and advice of a technical nature in relation to portfolio construction, interpretation of performance measurement and the monitoring of investment managers.

The role of Scheme Administrator is held by the officer who has responsibilities under S151 of the Local Government Act 1972 and provides financial (non-investment) advice to the Committee, including advice on financial management, issues of compliance with internal regulations and controls, budgeting and accounting and liaison with independent advisers.

Legal advice is provided by the Head of Legal and Democratic Services.

The remit for the LGPS vests formal statutory responsibility for the LGPS and fund investment with the administering authority which is answerable for the effective and prudent management of the scheme.

- 10.** The power to co-opt rests with the Council in full assembly and not with committees; although in practice the selection of persons to serve as co-opted members is usually left to committees. The co-opted members from the Borough of Telford & Wrekin are voting members.
- 11.** The Pensions Committee can, if so minded, elect a co-opted member as its Chairman but in this instance the Chairman is unable to:
 - attend council meetings and pilot Pension Committee proposals through the full assembly;
 - answer questions put to him/her there;
 - represent the Pensions Committee on other committees
 - However, a Shropshire Council Vice-Chairman is able to deputise for the co-opted member Chairman.

REASONS FOR CURRENT REPRESENTATION

12. Myners' first principle states that decisions should only be taken by persons or organisations with the skills, information and resources necessary to take them effectively. Where trustees elect to take investment decisions, they must have sufficient expertise and appropriate training to be able to evaluate critically any advice they take. All members of the Pensions Committee are offered the Employers Organisation training.

The Fund holds an annual training day when members of the Committee are exposed to presentations on topical issues, such as hedge funds, private equity, actuarial valuations, infrastructure etc.

13. In the CIPFA Guidelines relating to the governance regulations, it states that...

'As things stand, Section 7 of the Superannuation Act 1972 does not permit the Secretary of State to make regulations which impact on the constitution and membership of local authority committees. There are no plans at present to amend local government law to change the provisions regarding the composition of investment or pension committees. This must be a matter for individual fund administering authorities to consider, reflecting local circumstances and choice. But in exercising that choice, it is important that authorities recognise the desirability of achieving an effective and comprehensive level of stakeholder representation within the LGPS nationally.'

'The challenge for pension fund panels is to find ways of engaging those people with an interest in decisions made without undermining the operation of the Panel. The Funding Strategy Statements will encourage greater emphasis on consultation and if local authority employers contributing to a fund do not have representation on the panel or committee, be it voting or non voting, then there would be a need to demonstrate they were being engaged in other ways.'

For example by the holding of:

- bi-lateral discussions, or similar forums, involving employers and other stakeholders;
 - i. an annual general meeting for all employers;
- *a triennial meeting between all employers and the actuary to discuss the results of the actuarial valuation'.*

14. The Myners principle, the CIPFA guidance and the statutory position have led the Council as administering authority to conclude that current representation provides the appropriate balance between accountability and inclusion.

LOCAL PENSION BOARD

Introduction and Role

15. The Shropshire County Pension Fund local Pension Board was established by Shropshire Council in 2015 under the powers of Section 5 of the Public Service Pensions Act 2013 and in accordance with regulation 106 of the Local Government Pension Scheme Regulations 2013.

16. The role of the local Pension Board as defined by regulation 106 (1) of the LGPS Regulations, is to assist Shropshire Council, the Administering Authority, as Scheme Manager;

- to secure compliance with the LGPS Regulations and any other legislation relating to the governance and administration of the LGPS
- to secure compliance with requirements imposed in relation to the LGPS by the Pensions Regulator
- to ensure the effective and efficient governance and administration of the LGPS for the Shropshire County Pension Fund.

The Council considers this to mean that the Pension Board is providing oversight of these matters and, accordingly, the Pension Board is not a decision making body in relation to the management of the Pension Fund but merely makes recommendations to assist in such management.

In undertaking its role, the Pension Board will ensure it:

- is done effectively and efficiently
- complies with relevant legislation and
- is done by having due regard and in the spirit of the Code of Practice on the governance and administration of public service pension schemes issued by the Pension Regulator and any other relevant statutory or non-statutory guidance.

Composition and Appointment

17. The Pension Board shall consist of 4 voting members and be constituted as follows:

- 2 employer representatives**
- 2 scheme member representatives**

Employer representatives shall be office holders or senior employees of employers of the Fund or have experience of representing scheme employers in a similar capacity. Subject to restrictions as set out in the LGPS Regulations, Employer representatives can also include elected members. Member representatives shall be scheme members of the Shropshire County Pension Fund and have the capacity to represent scheme members of the Fund.

18. An independent member and substitute members may also be included in the composition of the Pension Board at the discretion of the Appointment Panel. Substitute members for employer and scheme member representatives will have voting rights but an independent member or any other members appointed to the Pension Board by the Appointment Panel will not.

19. The Appointment Panel, made up of the Legal Monitoring Officer and the Head of Finance, Governance & Assurance at Shropshire Council (or their deputies) will determine any eligibility and/or selection criteria that will apply to Pension Board members having due regard to the LGPS Regulations and any other relevant Code of Practice and guidance (statutory or otherwise). The selection process for representative members will be:

- **Employer representatives** – each employer will be invited to nominate one representative to represent employers on the Pension Board.
- **Scheme member representatives** – all active, deferred and pensioner scheme

members will be invited to submit applications to join the Pension Board.

The applications and nominations will then be subject to a selection process determined and carried out by the Appointment Panel. The Chair and Deputy Chair will be determined by the Appointment Panel. The term of office will be for 4 years with a possible extension for up to 2 years.

Former or existing members of the Pension Board can be reappointed (under the appointment procedures) with no limit on the number of terms they may have.

Operational Procedures

20. Full details of the operational procedures are set out in the local Pension Board's Terms of Reference. This includes:

- circumstances where membership may be terminated prior to the end of the member's term of office
- Duties and role of the chair insofar as they:
 - i. will ensure all meetings are productive and effective
 - ii. ensure opportunity for all views to be heard, and
 - iii. seek to reach consensus and that decisions are properly put to vote where necessary.
- A quorum constituting as 2 members, made up of 1 employer and 1 member representative.
- The reporting of any concerns over a decision made by the Pension Committee to the Pension Committee subject to the agreement of at least 50% of voting Pension Board members if all voting members are present. If not all voting members are present then the agreement should be of all voting members who are present, where the meeting remains quorate.
- Escalation route and procedures if necessary, regarding a breach of regulation / the regulator's code previously reported to the Pensions Committee but not rectified in a reasonable time period.
- Meetings will normally be held at the offices of Shropshire Council and will be a minimum of twice in each calendar year.

- Compliance with Shropshire Council’s Conflict of Interest Policy including declarations of interest of members which may lead to a conflict.
- The ability to access advice and information, either from Fund officers, or other professional advisers as appropriate.
- The requirement of members to be able to demonstrate their appropriate knowledge and understanding and to refresh and keep their knowledge up to date. In addition to the requirements under the Public Service Pensions Act, it includes compliance with the Pension Fund’s Training Policy insofar as it relates to Pension Board members.
- A requirement for members to have the highest standards of conduct in accordance with the Council’s Constitution.
- The right for members of the Pensions Committee to attend in an observer capacity.
- The publication of information relating to the local Pensions Board in accordance with the Public Service Pensions Act requirements.
- Details of reimbursement, remuneration and allowances.

DELEGATION TO OFFICERS

- 21.** Under the Local Government Pension Scheme Regulations 2013 the Shropshire Fund was required to formulate a policy on local discretions. These discretions were originally approved by Pensions Committee in March 1998 and have been updated following subsequent regulation changes. The latest version taking into account LGPS Regulations 2013 is listed in Appendix A.
- 22.** In addition to these local fund-wide discretions there are certain employer discretions, which under regulations, employers have the authority to determine. These discretions are employer specific.

ARRANGEMENTS OUTSIDE OF FORMAL GOVERNANCE

The Council is committed to the widest inclusion of all stakeholders in consultation and communication outside of the formal governance arrangements. The arrangements include:

WITH EMPLOYING AUTHORITIES

- 23.** The Fund’s primary long term investment

objective is to achieve and maintain a funding level at, or close to, 100% of the Fund’s estimated liabilities; and within this to endeavour to maintain stable employers’ contribution rates. Employing Authorities are pro-actively consulted on the Funding Strategy Statement on which the valuation and employer contribution rates are based.

- 24.** The ratio of membership from the various employing authorities in the Shropshire County Pension Fund is:

ORGANISATION	CONTRIBUTORS %
Shropshire Council	48
Borough of Telford and Wrekin Council (co-opted)	27
Parish / Town Councils	1
Other Scheme Employers	14
Admitted Bodies	10
TOTAL	100

The Shropshire County Pension Fund involves all employers, irrespective of size, in consultations and communications.

The information to be supplied by employers to enable the Administering authority to discharge its functions is outlined in the Pensions Administration Strategy Statement and can be found on the fund’s website.

- 25.** Over the last decade, consultation with employing authorities on pension fund investment, actuarial matters and proposed central government changes to the regulations has evolved. A large step forward was afforded by the introduction of Statements of Investment Principles and Funding Strategy Statements, the consultation process surrounding them, and their accessibility to the Council’s web site.
- 26.** All employers are invited to regular employer meetings which provide information on changes in regulations, investment matters and actuarial valuations. All employing authorities are also kept abreast of events, by e-mail, and they are encouraged to get in touch if they have questions.
- 27.** The Fund undertakes annual monitoring of its actuarial valuation position. Employer organisations are kept up to date of the

latest position and its likely impact on employer contributions at the next formal valuation. At triennial valuations the Scheme Actuary presents to the employers meeting to explain changes in the funding level and implications on employer contribution rates. Employers meetings are also used to discuss the Funding Strategy Statements and data requirements for FRS17.

- 28.** An annual meeting is held each year to which all employers are invited. The meeting outlines investment performance and any changes to the Fund's investment strategy as well as regulation changes and administration issues. A Fund Manager also presents at the meeting and allows employers and scheme members the opportunity to ask questions.

WITH SCHEME MEMBERS

- 29.** Employees are represented on the Pensions Committee by two non-voting members (both Union members) who have an active role in the selection of managers, performance monitoring, investment strategy and responses to consultations on regulation changes. Pensioners are represented by a non-voting pensioner member.

- 30.** All employees, as well as representatives from employer organisations, are invited to the Annual Meeting each year. All pensioners and deferred members also receive an invite to the Annual Meeting which is usually held in November in the county. The meeting is filmed and made available online to enable members unable to attend in person to watch. The meeting is well attended and provides a useful opportunity for members to meet their Employee or Pensioner Representative, learn about the fund and ask questions.

- 31.** Where possible every member of the scheme receives Pensions Newsletters. The fund's annual report and a financial summary of the scheme are published on The Pension Fund's web site and in September an email notifications (where an email address is held) is issued notifying the website update. The full communication policy can be found on the website. This outlines the fund approach on communicating with members,

representatives of members, prospective members and employing authorities including the format, frequency and method of communications.

The Pension Fund's website includes further information on:

- Full annual report and financial summary
- Statement of Investment Principles
- Myners Compliance
- Funding Strategy Statement
- Communication Policy
- Actuarial Valuation
- Investments
- Pensioner meetings

- 32.** The Pensions Section has a very good informal working relationship with the unions, and is always there to assist with any problems in understanding the regulations.

- 33.** In light of the requirements following the LGPS Governance changes emerging from the Public Service Pensions Act 2013, Fund Officers are currently reviewing the Training Policies in order to ensure that all stakeholders are well equipped to carry out their duties as effectively and efficiently as possible. The Training Plan includes:

- Pension Fund Officers and Managers
- Pensions Committee Members
- Local Pensions Board Members.

Once this review has been completed, the updated Training Policy will be adopted and steps taken to ensure all parties meet their requirements.

COMPLIANCE AGAINST BEST PRACTICE GUIDELINES

- 34.** The current governance arrangements which were established in 1994 and updated since to take account of the latest regulatory change, adhere to the best practice guidance given by the Secretary of State.

The extent to which delegation complies with the best practice guidance is shown in Appendix B.

APPENDIX B: GOVERNANCE COMPLIANCE STATEMENT

The best practice guidelines on pension fund governance that has been issued by Communities and Local Government and the extent of the Council's compliance with each of the guidelines is set out below.

1. STRUCTURE

- a. The management of the administration of benefits and strategic management of fund assets clearly rests with the main committee established by the appointing council.

Fully compliant

The Council delegates the management of the Shropshire County Pension Fund to the Pensions Committee.

- b. That representatives of participating LGPS employers, admitted bodies and scheme members (including pensioner and deferred members) are members of either the main or secondary committee established to underpin the work of the main committee.

Fully compliant

The Pensions Committee includes a representative from Shropshire Council and Borough of Telford and Wrekin Council. Representatives of employees and pensioners are also members of the Pension Committee.

- c. That where a secondary committee or panel has been established, the structure ensures effective communication across both levels.

Not applicable.

The Shropshire County Pension Fund does not have any secondary committee or panel. It is felt that including all members including employee and pensioner representatives on the main Pensions Committee is more inclusive.

- d. That where a secondary committee or panel has been established, at least one seat on the main committee is allocated for a member from the secondary committee or panel.

Not applicable

The Shropshire County Pension Fund does not have any secondary committee or panel. It is felt that including all members including employee and pensioner representatives on the main Pensions Committee is more inclusive.

2. REPRESENTATION

- a. That all key stakeholders are afforded the opportunity to be represented within the main committee or advisory panel. These include:
 - i. employing authorities (including non-scheme employers, eg admitted bodies)
 - ii. scheme members (including deferred and pensioner scheme members),
 - iii. independent professional advisors
 - iv. expert advisors (on an ad-hoc basis)

Fully compliant

The Pension Committee includes representatives from its main employers which represent 75% of active members. The Committee includes two co-opted employee representatives and a pensioner representative. The Committee is supported by the advice of an independent advisor and investment consultant.

- b. That where lay members sit on a main or secondary committee, they are treated equally in terms of access to papers and meetings, training and are given full opportunity to contribute to the decision making process, with or without voting rights.

Fully compliant

All Pension Committee members have equal access to all papers and meetings, and are able to participate in training, and contribute to the Committee's decision-making process.

3. SELECTION AND ROLE OF LAY MEMBERS

- a. That committee or panel members are made fully aware of the status, role and function they are required to perform on either a main or secondary committee.

Fully compliant

All Pension Committee members are given training on their responsibilities and are aware of the terms of reference and remit of the Pensions Committee.

- b. That at the start of any meeting, committee members are invited to declare any financial or pecuniary interest related to specific matters on the agenda

Fully compliant

All Pension Committee members are invited to declare any financial or pecuniary interest related to specific matters on the agenda at the start of each committee meeting.

4. VOTING

- a. The policy of individual administering authorities on voting rights is clear and transparent, including the justification for not extending voting rights to each body or group represented on main LGPS committees.

Fully compliant

The elected councillor representatives, from Shropshire Council and Borough of Telford and Wrekin Council representative all have voting rights. The Constitution of the Administering Authority requires voting members to be democratically elected. The employee and pensioner representatives are therefore co-opted non-voting members of the Committee.

5. TRAINING/ FACILITY TIME/ EXPENSES

- a. That in relation to the way in which statutory and related decisions are taken by the administering authority, there is a clear policy on training, facility time and reimbursement of expenses for members involved in the decision-making process.

Fully compliant

The Pensions Committee hold an Annual Training day to which all Committee members and substitute members are invited. Training is also provided to new members and on an ad hoc basis as required. All Pensions Committee members are covered by their respective Council's scheme for reimbursement of expenses for committee members.

- b. That where such a policy exists, it applies equally to all members of committees, sub-committees, advisory panels or any other form of secondary forum.

Fully Compliant

All Pensions Committee members have equal access to training and reimbursement of expenses.

6. MEETINGS (FREQUENCY/QUORUM)

- a. That an administering authority's main committee or committees meet at least quarterly.

Fully compliant

The Pensions Committee meets quarterly. Additional meetings are arranged for specific items of business as required.

- b. That an administering authority's secondary committee or panel meet at least twice a year and is synchronised with the dates when the main committee sits.

Not applicable

The Shropshire County Pension Fund does not have any secondary committee or panel. It is felt that having all members including employee and pensioner representatives on the main Pensions Committee is more inclusive.

- c. That administering authorities who do not include lay members in their formal governance arrangements, provide a forum outside of those arrangements by which the interests of key stakeholders can be represented

Fully compliant

The Fund includes employee and pensioner representatives on its main Committee. The Fund also hold an Annual Meeting to which all employers, employees, deferred members and pensioners are invited.

7. ACCESS TO INFORMATION, DOCUMENTS AND ADVICE

- a. That subject to any rules in the Councils constitution, all members of main and secondary committees or panels have equal access to committee papers, documents and advice that fails to be considered at meetings of the main committee.

Fully compliant

All Pensions Committee members have equal access to all papers and meetings.

8. SCOPE

- a. That administering authorities have taken steps to bring wider scheme issues within the scope of their governance arrangements

Fully compliant

The Pensions Committee terms of reference are multi-disciplined and include the monitoring of investments, scheme administration and general scheme issues.

9. PUBLICITY

- a. That administering authorities have published details of their governance arrangements in such a way that stakeholders with an interest in the way in which the scheme is governed, can express an interest in wanting to be part of those arrangements.

Fully compliant

The Pension Fund Governance Policy Statement is published on the Administering Authority's website and hard copies are available on request.

- 67. APPENDIX 01
GOVERNANCE COMPLIANCE STATEMENT
- 79. APPENDIX 02
ADMINISTRATION STRATEGY STATEMENT

FUNDING STRATEGY STATEMENT
- 99. APPENDIX 04
STATEMENT OF INVESTMENT PRINCIPLES
- 107. APPENDIX 05
COMMUNICATIONS POLICY STATEMENT

1. INTRODUCTION

Shropshire County Pension Fund (“the Fund”) is responsible for the administration of the Local Government Pension Scheme (“the Scheme”) within the geographical area of Shropshire. The Fund also administers the Scheme on behalf of a number of qualifying employers who are not situated within the Shropshire area. The service is carried out by Shropshire Council (“the administering authority”) on behalf of qualifying employers and ultimately the Scheme members.

This document is the Pensions administration Strategy statement outlining the policies and performance standards towards providing a cost-effective, inclusive and high quality pensions administration service.

Delivery of such an administration service is not the responsibility of one person or one organisation, but is rather the joint working of a number of different stakeholders which between them are responsible for delivering the pensions administration service to meet the diverse needs of the membership.

2. COMPLIANCE

Developed in consultation with employers within the Fund, this statement seeks to promote good working relationships, improve efficiency and ensure agreed standards of quality in delivery of the pension administration service amongst the employers and the Fund. A copy of this strategy is issued to each of the relevant employers and can be found in the employer area of our website.

The undertakings set out within this Pension Administration Strategy will be reviewed annually by the Fund. In no circumstances does this strategy override any provision or requirement of the Regulations nor is it intended to replace the more extensive commentary provided by the Employers’ information on the Funds website.

3. REVIEW

The Fund will review this policy statement and make revisions as appropriate following a material change in its policies in relation to any of the matters contained in the strategy. Employers will be consulted and informed of the changes.

4. REGULATORY FRAMEWORK

Regulation 69-(1) of the LGPS Regulations 2013 enables an LGPS administering authority to prepare a document (“the pension administration strategy”) detailing administrative standards, performance measures, data flows and communication with employers.

In addition, Regulation 70.-(1) of the LGPS Regulations 2013 allows an administering authority to recover costs from an employing authority where costs have been incurred because of that employing authority’s level of performance in carrying out its functions under these Regulations. See section on Poor Performance.

This document has been presented, considered and ratified by the Pensions Committee on the 26th June 2015 and, as such, the contents of which apply to all existing and future employers of Shropshire County Pension Fund from that date.

5. LIAISON AND COMMUNICATION

The delivery of a high quality, cost effective administration service is not the responsibility of just the administering authority, but depends on the joint working of the administering authority with a number of individuals employed in different organisations to ensure Scheme members, and other interested parties, receive the appropriate level of service and ensure that statutory requirements are met.

Each Employing authority will designate a named individual to act as the main point of contact with regard to any aspect of administering the LGPS.

Their key responsibilities will be:

- to act as a conduit for communications to appropriate staff within the employer - for example, Human Resources, Payroll teams, Directors of Finance;
- to ensure that standards and levels of service are maintained and regulatory responsibility is complied with.
- to ensure that details of all nominated representatives and authorised signatures are correct and to notify the Fund of any changes immediately;

- to arrange distribution of communications literature as and when required;
- to inform the Fund of any alternative service arrangements required;
- to assure data quality and ensure the timely submission of data to the Fund; and
- to assist and liaise with the Fund on promotional activities.

Employer Training

The Fund holds annual training for employers where its officers provide information on Fund Finances, Investment Performance and also Administration Performance. Attendance by each employer's main contact and Senior Management is actively encouraged. Usually the meeting content is communicated to the relevant staff to attend.

Policy Discretions

Each employer is required by statute to produce, publish and maintain a statement of policy regarding the exercise of certain discretionary functions available to them within the LGPS regulations. The policy statement must be kept under review and, where revisions are made, the revised policy statement must be sent to the Fund and made readily available to all employees within the employing authority within one month of the effective date. The Local Government Association has produced a list of discretions employers have in the LGPS. The document can be found on the website www.lgpsregs.org

Notification of employee's rights

Under Regulation 72 of The Regulations any decisions made by an employing authority affecting an employee's rights to membership or entitlement to benefits must be made as soon as is reasonably practicable and notified to the employee in writing including a reference to their right of appeal in line with Regulation 74. Every decision that a person is not entitled to a benefit must contain the grounds for the decision and how they can obtain further information about the decision.

Internal Disputes Resolution Procedures (IDRP) Each employing authority is required to nominate and name the person to whom

applications under Stage 1 of the Internal Disputes Resolution Procedures should be made. The name, job title and contact details of this nominated person must be kept up-to-date with the Fund. Employers must also notify the Fund of any first stage appeal responses.

Computer Links

The Fund will, to appropriate large employers, provide the links in order for employing authority staff to produce retirement estimates and enquire on their employees' record of membership.

The Fund will ensure that the Pensions Administration computer system is available for use during normal office hours with the exception of any necessary scheduled maintenance of the system.

6. SERVICE STANDARDS TO SCHEME MEMBERS

Overriding legislation dictates minimum standards that Pension Schemes and Employers should meet in providing certain pieces of information to the various associated parties – not least of which the Scheme member. The LGPS Regulations also identifies a number of requirements for the Fund and Employers, which may not have been all covered in this document.

Some of these performance standards are held within the following tables overleaf but not all:

- the Data Protection Act 1998;
- the Freedom of Information Act 2000;
- the Disability Discrimination Act 1995;
- the Age Discrimination Act 2006;
- the Finance Act 2004;
- Health and Safety legislation;
- Employment Rights Act 2010;
- HMRC Legislation and Current GAD Guidance
- Public Service Pensions Act 2013

and any future amendments to the above legislation.

Data Protection

To protect any personal information held electronically the Administering Authority is registered under the Data Protection Act 1998. This allows members to check that their details held are accurate. The Fund may, if it chooses, pass certain details to a third party, if the third party is carrying out an administrative function of the Fund.

Members who wish to apply to access their data on data protection grounds should contact the Data Protection Officer on: (01743) 252774

Shropshire Council is the Administering Authority for the Shropshire County Pension Fund and is registered with the Information Commissioner's Office as a Data Controller.

Your information is processed for the sole purpose of administering your pension and your personal details will be retained.

The Fund may, if it chooses, pass certain details to a third party, where the third party is carrying out an administrative function of the Fund or where we are legally obliged to do so.

Members who wish to see a copy of information held about them by the Shropshire County Pension Fund should make a subject access request under the Data Protection Act 1998 to the Information Governance Team at Shropshire Council. Secure Data Transfer

The Fund will follow Shropshire Council's data security guidelines when sending any personal data in bulk, including its published data sharing policy. This means that if data is shared:

- We will agree an authentication process and confirm that it is an appropriate person and contact number in the receiving organisation.
- Encryption software will be used, which will be self-extracting, and allow the recipient to open the file,

- Without the need for the software, it should be password protected and we will follow delivery guidelines if the data is sent by courier.
- The appropriate agreed person will confirm the data has been received, request the password and confirm the file is successfully opened.

The full guidelines can be made available on request.

8. FUND ADMINISTRATION PERFORMANCE MEASURES

In performing the role of administering the LGPS, The Fund and Employers will comply with the overriding legislation, including:

PERFORMANCE MEASURE	TARGET (WORKING DAYS)
Payment of retirement benefits	7 DAYS
Payment of monthly pensions on the appropriate day of the month	1 DAY
Payment of transfer values	7 DAYS
Provision of inward transfer quotes	10 DAYS
Notification of deferred benefits	30 DAYS
Respond to members general postal / email/ telephone enquiries	5 DAYS

All these measures start from the date of receipt of all relevant information. The annual figures for the Fund’s performance measures across all employers are recorded in the Annual Report.

Audit

The Fund is subject to an annual audit of its processes and internal controls. Employers are expected to fully comply with any requests for information from both internal and approved external auditors. Any subsequent recommendations will be considered and where appropriate implemented with Employing authority cooperation.

Benchmarking

The Fund will regularly monitor its costs and service performance by benchmarking with other administering authorities. Details of the costs of administration, quality measures and standards of performance will be published in the Annual Report.

9. EMPLOYER PERFORMANCE REPORTING

As part of this Pensions Administration Strategy the Fund will develop, with employer consultation, arrangements for quarterly reporting on key performance measures as contained in section 6 of this document

This approach to reporting will facilitate early engagement with employers and also provide a mechanism for service level review and recognition of best practice.

Poor Performance

The Fund will seek, at the earliest opportunity, to work closely with employers in identifying areas of poor performance, provide the necessary training and development and to put in place appropriate processes to improve the level of service in the future.

In the event of continued poor performance and a lack of any evidence of any measures being taken to achieve improvement by an employing authority, the Fund will seek to recover any additional costs arising.

Any third party costs or regulatory fines incurred by the Fund as a consequence of administrative failures or poor performance by the employing authority will be recovered from the employer. These may include fines imposed by the Courts or the Pensions Ombudsman and additional charges in respect of actuarial fees, third party computer charges and additional printing and distribution costs.

In dealing with poor performance the Fund will:

- write to the employer setting out the area (s) of poor performance;
- meet with the employing authority, where possible, to discuss area(s) of poor performance and how these can be addressed;
- issue formal written notice, where no improvement is demonstrated by the employing authority or where there has been a failure to take agreed action by the employing authority;
- Make claim for cost recovery, taking account of time and resources in resolving the specific area(s) of poor performance.

- Will report any claim for the cost of recovery to the Pension Committee at the next available meeting and may form part of the administration report in the Fund's published Annual Report.

10. ASSOCIATED POLICY STATEMENTS

The statement outlines the Fund's policy on:

- Information to members, representatives and employers;
- The format, frequency and method of distributing such information;
- The promotion of the Scheme to prospective members and their employing authorities

Governance Policy

Shropshire Council has delegated to the Pensions Committee various powers and duties in respect of its administration of the Fund.

This statement sets out the scheme of delegation and the terms of reference, structure and operational procedures of the delegation. It also includes information on how it will exercise certain discretions provided by the scheme.

Employer Discretions

Since 1997, the LGPS Regulations have required every employing authority to:

- issue a written policy statement on how it will exercise the various discretions provided by the Scheme;
- keep it under review;
- revise as necessary.

A list of the Employer discretions can be found in the Employers Guide.

11. REGULATIONS EXTRACTS

Local Government Pension Scheme Regulations 2013: Regulation excerpts related to Exchange of information

80. — (1) A Scheme employer must —

- a. Inform the appropriate administering authority of all decisions made by the employer under regulation 72 (first instance decisions) or by an adjudicator appointed by the Scheme employer under regulation 74 (applications for adjudication of disagreements) concerning members; and

- b. give that authority such other information as it requires for discharging its Scheme Functions

(2) If—

- a. an administering authority makes any decision under regulations 72 (first instance decisions), 75 (decisions of the adjudicator) or 76 (reference of adjudications to administering authority) about a person for whom it is not the Scheme employer; and
- b. information about that decision is required by the person's Scheme employer for discharging that employer's Scheme functions, that authority must give that employer that information if asked to supply it.

(3) Within three months of the end of each Scheme year, each Scheme employer must give a statement to the appropriate administering authority giving the following details in respect of each employee who has been an active member during the Scheme year —

- a. the employee's name and gender;
- b. the employee's date of birth and national insurance number;
- c. a unique reference number relating to each employment in which the employee has been an active member; and (d) the information relating to the employee for the Scheme year in question for each employment which is specified in paragraph (4).

(4) The information required by paragraph

(3)(d) is—

- a. the dates of active membership;
- b. the pensionable pay received and employee contributions deducted while regulation 9 (contributions) applied;
- c. the pensionable pay received and employee contributions deducted while regulation 10 (temporary reduction in contributions) applied;
- d. any contributions by the employer in relation to the employee's pensionable pay;
- e. any contributions by employee or employer under regulation 16 (additional pension contributions);
- f. any contributions by employee or employer under regulation 17 (additional voluntary contributions).

Local Government Pension Scheme Regulations 2013: Regulation excerpts related to Pension administration strategy

59. — (1) An administering authority may prepare a written statement of the authority's policies in relation to such of the matters mentioned in paragraph (2) as it considers appropriate ("its pension administration strategy") and, where it does so, paragraphs (3) to (7) apply.

(2) The matters are—

- a. procedures for liaison and communication with Scheme employers in relation to which it is the administering authority ("its Scheme employers");
- b. the establishment of levels of performance which the administering authority and its Scheme employers are expected to achieve in carrying out their Scheme functions by—
 - i. the setting of performance targets,
 - ii. the making of agreements about levels of performance and associated matters, or
 - iii. such other means as the administering authority considers appropriate;
- c. procedures which aim to secure that the administering authority and its Scheme employers comply with statutory requirements in respect of those functions and with any agreement about levels of performance;
- d. procedures for improving the communication by the administering authority and its Scheme employers to each other of information relating to those functions;
- e. the circumstances in which the administering authority may consider giving written notice to any of its Scheme employers under regulation 70 (additional costs arising from Scheme employer's level of performance) on account of that employer's unsatisfactory performance in carrying out its Scheme functions when measured against levels of performance established under sub-paragraph (b);
- f. the publication by the administering authority of annual reports dealing with—
 - i. the extent to which that authority and its Scheme employers have achieved the levels of performance established under sub-paragraph (b), and
 - ii. such other matters arising from its pension administration strategy as it considers appropriate; and
- g. such other matters as appear to the administering authority after consulting its Scheme employers and such other persons as it considers appropriate, to be suitable for inclusion in that strategy.

(3) An administering authority must—

- a. keep its pension administration strategy under review; and
- b. (b) make such revisions as are appropriate following a material change in its policies in relation to any of the matters contained in the strategy.

(4) In preparing or reviewing and making revisions to its pension administration strategy, an administering authority must consult its Scheme employers and such other persons as it considers appropriate.

(5) An administering authority must publish—

- a. its pension administration strategy; and
- b. where revisions are made to it, the strategy as revised.

(6) Where an administering authority publishes its pension administration strategy, or that strategy as revised, it must send a copy of it to each of its Scheme employers and to the Secretary of State as soon as is reasonably practicable.

(7) An administering authority and its Scheme employers must have regard to the pension administration strategy when carrying out their functions under these Regulations.

(8) In this regulation references to the functions of an administering authority include, where applicable, its functions as a Scheme employer.

COMMUNICATIONS POLICY STATEMENT

This Statement has been prepared by Shropshire Council (the Administering Authority) to set out the funding strategy for the Shropshire County Pension Fund (the SCPF), in accordance with Regulation 35 of the Local Government Pension Scheme (Administration) Regulations 2008 (as amended) and the guidance paper issued by the Chartered Institute of Public Finance and Accountancy (CIPFA) Pensions Panel.

1. INTRODUCTION

The Local Government Pension Scheme (Administration) Regulations 2008 (as amended) (“the Administration Regulations”) provide the statutory framework from which the Administering Authority is required to prepare a FSS. The key requirements for preparing the FSS can be summarised as follows:

- After consultation with all relevant interested parties involved with the Fund, the Administering Authority will prepare and publish their funding strategy.
- In preparing the FSS, the Administering Authority must have regard to:
 - the guidance issued by CIPFA for this purpose; and
 - the Statement of Investment Principles (SIP) for the SCPF published under Regulation 12 of the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009 (as amended);
- The FSS must be revised and published whenever there is a material change in either the policy on the matters set out in the FSS or the Statement of Investment Principles.

Benefits payable under the SCPF are guaranteed by statute and thereby the pensions promise is secure. The FSS addresses the issue of managing the need to fund those benefits over the long term, whilst at the same time, facilitating scrutiny and accountability through improved transparency and disclosure.

The Scheme is a defined benefit arrangement with principally final salary related benefits from contributing members up to 1 April 2014 and Career Averaged Revalued Earnings (“CARE”)

benefits earned thereafter. There is also the introduction of a “50:50 Scheme Option”, where members can elect to accrue 50% of the full scheme benefits and pay 50% of the normal member contribution.

The benefits provided by the SCPF are specified in the governing legislation (the Local Government Pension Scheme (Benefits, Membership and Contributions) Regulations 2007 (as amended) (“the BMC Regulations”) and the Administration Regulations referred to above). New legislation contained in the Local Government Pension Scheme Regulations 2013 (“the 2013 Regulations”) governs the SCPF from 1 April 2014. The required levels of employee contributions from 1 April 2014 are also specified in the 2013 Regulations.

Employer contributions are determined in accordance with the Administration Regulations which require that an actuarial valuation is completed every three years by the actuary, including a rates and adjustments certificate. Contributions to the SCPF should be set so as to “secure its solvency”, whilst the actuary must also have regard to the desirability of maintaining as nearly constant a rate of contribution as possible. The actuary must have regard to the FSS in carrying out the valuation.

2. PURPOSE OF THE FSS IN POLICY TERMS

Funding is the making of advance provision to meet the cost of accruing benefit promises. Decisions taken regarding the approach to funding will therefore determine the rate or pace at which this advance provision is made. Although the Regulations specify the fundamental principles on which funding contributions should be assessed, implementation of the funding strategy is the responsibility of the Administering Authority, acting on the professional advice provided by the actuary.

The purpose of this Funding Strategy Statement is:

- to establish a clear and transparent fund-specific strategy which will identify how employers’ pension liabilities are best met going forward;
- to support the regulatory requirement to maintain as nearly constant employer

- contribution rates as possible; and
- to take a prudent longer-term view of funding those liabilities.

The intention is for this strategy to be both cohesive and comprehensive for the SCPF as a whole, recognising that there will be conflicting objectives which need to be balanced and reconciled. Whilst the position of individual employers must be reflected in the statement, it must remain a single strategy for the Administering Authority to implement and maintain.

3. AIMS AND PURPOSE OF THE SCPF

The aims of the Fund are to:

- enable employer contribution rates to be kept as nearly constant as possible and at reasonable cost to the taxpayers, scheduled, resolution and admitted bodies
- manage employers' liabilities effectively
- ensure that sufficient resources are available to meet all liabilities as they fall due, and
- maximise the returns from investments within reasonable risk parameters.

The purpose of the Fund is to:

- receive monies in respect of contributions, transfer values and investment income, and
- pay out monies in respect of scheme benefits, transfer values, costs, charges and expenses as defined in the Local Government Pension Scheme (Administration) Regulations 2008 (as amended), the Local Government Pension Scheme (Benefits, Membership and Contributions) Regulations 2007 (as amended), the 2013 Regulations and in the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009.

4. RESPONSIBILITIES OF THE KEY PARTIES

The Administering Authority should:

- collect employer and employee contributions
- invest surplus monies in accordance with the Regulations
- ensure that cash is available to meet liabilities as and when they fall due
- manage the valuation process in consultation with the SCPF's actuary
- prepare and maintain an FSS and a SIP,

both after due consultation with interested parties, and

- monitor all aspects of the SCPF's performance and funding and amend FSS/SIP.

The Individual Employer should:

- deduct contributions from employees' pay correctly after determining the appropriate employee contribution rate (in accordance with the Regulations)
- pay all contributions, including their own as determined by the actuary, promptly by the due date
- exercise discretions within the regulatory framework
- make additional contributions in accordance with agreed arrangements in respect of, for example, augmentation of scheme benefits, early retirement strain, and
- notify the Administering Authority promptly of all changes to membership or, as may be proposed, which affect future funding.

The Fund actuary should:

- prepare valuations including the setting of employers' contribution rates after agreeing assumptions with the Administering Authority and having regard to the FSS
- prepare advice and calculations in connection with bulk transfers and individual benefit-related matters,
- advise on funding strategy, the preparation of the FSS, and the inter-relationship between the FSS and the SIP.

5. SOLVENCY ISSUES AND TARGET FUNDING LEVELS

Funding Objective

To meet the requirements of the Administration Regulations the Administering Authority's long term funding objective is for the Fund to achieve and then maintain sufficient assets to cover 100% of projected accrued liabilities (the "funding target") assessed on an ongoing past service basis including allowance for projected final pay. In the long term, the employer rate would ultimately revert to the Future Service Contribution Rate.

Determination of the Funding Target and Recovery Period

The principal method and assumptions to be used in the calculation of the funding target are set out in Appendix 1.

Underlying these assumptions are the following two tenets:

- that the Scheme is expected to continue for the foreseeable future; and
- favourable investment performance can play a valuable role in achieving adequate funding over the longer term.

This allows the Administering Authority to take a longer term view when assessing the contribution requirements for certain employers. As part of this valuation, when looking to potentially stabilise contribution requirements, the Administering Authority will consider whether the following can be built into the funding plan:

- some allowance for changes in market conditions that have occurred since the valuation date;
- some further allowance for interest rates and bond yields to revert to higher levels over the medium to long term.

In considering this the Administering Authority, based on the advice of the Actuary, will consider if this results in a reasonable likelihood that the funding plan will be successful.

As part of each valuation separate employer contribution rates are assessed by the actuary for each participating employer or group of employers. These rates are assessed taking into account the experience and circumstances of each employer, following a principle of no cross-subsidy between the distinct employers in the Scheme.

In attributing the overall investment performance obtained on the assets of the Scheme to each employer a pro-rata principle is adopted. This approach is effectively one of applying a notional individual employer investment strategy identical to that adopted for the Scheme as a whole (except where an employer adopts a bespoke investment strategy – see below).

The Administering Authority, following consultation with the participating employers, has adopted the following objectives for setting the individual employer contribution rates arising from the 2013 actuarial valuation:

- A default recovery period of 19 years will apply.
- In addition, at the discretion of the Administering authority, a maximum deficit recovery period of 25 years will apply. Employers will have the freedom to adopt a recovery plan on the basis of a shorter period if they so wish. A shorter period may be applied in respect of particular employers where the Administering Authority considers this to be warranted (see Deficit Recovery Plan below).
- In current circumstances, as a general rule, the Fund does not believe it appropriate for contribution reductions to apply. As a result, employers' contributions will be subject to a "floor", such that total contributions are not reduced relative to the 2010 valuation contribution plan, unless this can be achieved using a deficit recovery period lower than the default.
- The employer contributions will be expressed and certified as two separate elements:
 - a percentage of pensionable payroll in respect of the future accrual of benefit
 - a schedule of lump sum amounts over 2014/17 in respect of the past service deficit, subject to review from April 2017 based on the results of the 2016 actuarial valuation.
- On the cessation of an employer's participation in the Scheme, the actuary will be asked to make a termination assessment. Any deficit in the Scheme in respect of the employer will be due to the Scheme as a termination contribution, unless it is agreed by the Administering Authority and the other parties involved that the assets and liabilities relating to the employer will transfer within the Scheme to another participating employer. The full termination policy can be found on our website:

www.shropshirecountypensionfund.co.uk

However, the Administering Authority has ultimate discretion where the particular circumstances of any given Employer warrant a variation from these objectives.

In determining the above objectives the Administering Authority has had regard to:

- the responses made to the consultation with employers on the FSS principles
- relevant guidance issued by the CIPFA Pensions Panel
- the need to balance a desire to attain the target as soon as possible against the short-term cash requirements which a shorter period would impose, and
- the Administering Authority's views on the strength of the participating employers' covenants in achieving the objective.

Deficit Recovery Plan

If the assets of the scheme relating to an employer are less than the funding target at the effective date of any actuarial valuation, a recovery plan will be put in place, which requires additional contributions from the employer to meet the shortfall.

Additional contributions will be expressed as annual monetary lump sums, subject to review based on the results of each actuarial valuation. In determining the actual recovery period to apply for any particular employer to employer grouping, the Administering Authority may take into account some or all of the following factors:

- the size of the funding shortfall;
- the business plans of the employer;
- the assessment of the financial covenant of the Employer; and the security of future income streams
- any contingent security available to the Fund or offered by the Employer such as guarantor or bond arrangements, charge over assets, etc.
- length of expected period of participation in the Fund.

The assumptions to be used in these Recovery Plan calculations are set out in Appendix 2.

The Normal Cost of the Scheme (Future Service Contribution Rate)

In addition to any contributions required to rectify a shortfall of assets below the funding target, contributions will be required to meet the cost of future accrual of benefits for members after the valuation date (the "normal cost"). The method and assumptions for assessing these contributions are also set out in Appendix 1.

6. LINK TO INVESTMENT POLICY SET OUT IN THE STATEMENT OF INVESTMENT PRINCIPLES

The results of the 2013 valuation show the liabilities at 31 March 2013 to be 76% covered by the current assets, with the funding deficit of 24% being covered by future deficit contributions.

In assessing the value of the SCPF's liabilities in the valuation, allowance has been made for asset out-performance as described in Appendix 1, taking into account the investment strategy adopted by the SCPF, as set out in the SIP.

It is not possible to construct a portfolio of investments which produces a stream of income exactly matching the expected liability outgo. However, it is possible to construct a portfolio which closely matches the liabilities and represents the least risk investment position. Such a portfolio would consist of a mixture of long-term index-linked and fixed interest gilts. Investment of the SCPF's assets in line with the least risk portfolio would minimise fluctuations in the SCPF's ongoing funding level between successive actuarial valuations.

Departure from a least risk investment strategy, in particular to include equity type investments, gives the prospect that out-performance by the assets will, over time, reduce the contribution requirements. The funding target might in practice therefore be achieved by a range of combinations of funding plan, investment strategy and investment performance.

The current benchmark investment strategy, as set out in the SIP, is:

ASSET CLASS (SUMMARY)	%
Unconstrained Global Equity	24.0
UK Equity	8.0
Passive Equity	20.0
European (Incl UK) Property	5.0
Private Equity	5.0
Infrastructure	3.0
Fund of Hedge Funds	5.0
Multi-Strategy Hedge Funds	5.0
UK Index Linked Bonds	10.0
Global Aggregate Bonds	5.0
Global Credit	5.0
Absolute Return Bonds	5.0

The funding strategy adopted for the 2013 valuation is based on an overall assumed asset out-performance of 1.75% per annum over and above the returns on long-dated gilts.

7. IDENTIFICATION OF RISKS AND COUNTER MEASURES

The funding of defined benefits is by its nature uncertain. Funding of the SCPF is based on both financial and demographic assumptions. These assumptions are specified in the Appendices and the actuarial valuation report. When actual experience is not in line with the assumptions adopted a surplus or shortfall will emerge at the next actuarial assessment and will require a subsequent contribution adjustment to bring the funding back into line with the target.

The Administering Authority has been advised by the actuary that the greatest risk to the SCPF's funding is the investment risk inherent in the predominantly equity (or return seeking) based strategy, so that actual asset out-performance between successive valuations could diverge significantly from the overall out-performance assumed in the long term.

What are the Risks?

Financial

- Investment markets fail to perform in line with expectations
- Market yields move at variance with assumptions

- Investment Fund Managers fail to achieve performance targets over the longer term
- Asset re-allocations in volatile markets may lock in past losses
- Pay and price inflation significantly more or less than anticipated
- Effect of possible increase in employer's contribution rate on service delivery and admitted/scheduled bodies

Demographic

- Longevity horizon continues to expand
- Deteriorating pattern of early retirements (including those granted on the grounds of ill health)

Insurance of certain benefits

The contributions for any employer may be varied as agreed by the Actuary and Administering Authority to reflect any changes in contribution requirements as a result of any benefit costs being insured with a third party or internally within the Fund.

Regulatory

- Further changes to Regulations, e.g. more favourable benefits package, potential new entrants to scheme, e.g. part-time employees
- Changes to national pension requirements and/or HMRC rules

Governance

- Administering Authority unaware of structural changes in employer's membership (e.g. large fall in employee numbers, large number of retirements)
- Administering Authority not advised of an employer closing to new entrants

An employer ceasing to exist with insufficient funding or adequacy of a bond.

- Changes in Committee membership.

8. MONITORING AND REVIEW

The Administering Authority has taken advice from the actuary in preparing this Statement, and has also consulted with employing organisations.

A full review of this Statement will occur no less frequently than every three years, to coincide with completion of a full actuarial valuation. Any review will take account of then current economic conditions and will also reflect any legislative changes.

The Administering Authority will monitor the progress of the funding strategy between full actuarial valuations. If considered appropriate, the funding strategy will be reviewed (other than as part of the triennial valuation process), for example:

- if there has been a significant change in market conditions, and/or deviation in the progress of the funding strategy
- if there have been significant changes to the SCPF membership, or LGPS benefits
- if there have been changes to the circumstances of any of the employing authorities to such an extent that they impact on or warrant a change in the funding strategy e.g. closure to new entrants
- if there have been any significant special contributions paid into the SCPF

APPENDIX 1: ACTUARIAL VALUATION AS AT 31 MARCH 2013

METHOD AND ASSUMPTIONS USED IN CALCULATING THE FUNDING TARGET

Method

The actuarial method to be used in the calculation of the funding target is the Projected Unit method, under which the salary increases assumed for each member are projected until that member is assumed to leave active service by death, retirement or withdrawal from service. This method implicitly allows for new entrants to the scheme on the basis that the overall age profile of the active membership will remain stable. As a result, for those employers which are closed to new entrants, an alternative method is adopted (the Attained Age method), which makes advance allowance for the anticipated future ageing and decline of the current closed membership group.

Financial assumptions

Investment return (discount rate)

A yield based on market returns on UK Government gilt stocks and other instruments which reflects a market consistent discount rate for the profile and duration of the Scheme's accrued liabilities, plus an Asset Out-performance Assumption ("AOA") 1.75% per annum.

The asset out-performance assumptions represent the allowance made, in calculating the funding target, for the long term additional investment performance on the assets of the Fund relative to the yields available on long dated gilt stocks as at the valuation date.

Inflation (Consumer Prices Index)

The inflation assumption will be taken to be the investment market's expectation for RPI inflation as indicated by the difference between yields derived from market instruments, principally conventional and index-linked UK Government gilts as at the valuation date, reflecting the profile and duration of the Scheme's accrued liabilities, but subject to the following two adjustments:

- an allowance for supply/demand distortions in the bond market is incorporated, and
- due to retirement pensions being increased annually by the change in the Consumer Price Index rather than the Retail Price Index, The overall reduction to RPI inflation implied by the market at the valuation date is 1.0% per annum.

Salary increases

The assumption for real salary increases (salary increases in excess of price inflation) in the long term will be determined by an allowance of 1.5% p.a. over the inflation assumption as described above. This includes allowance for promotional increases. However, allowance has been made for expected short term pay restraint for all employers in the fund. The resultant salary increase assumption for the first three years is 1% per annum.

Pension increases/Indexation of CARE benefits

Increases to pensions are assumed to be in line with the inflation (CPI) assumption described above. This is modified appropriately to reflect any benefits which are not fully indexed in line with the RPI (e.g. Guaranteed Minimum Pensions in respect of service prior to April 1997).

Demographic assumptions

Mortality

The mortality in retirement assumptions will be based on up-to-date information in relation to self-administered pension schemes published by the Continuous Mortality Investigation (CMI), making allowance for future improvements in longevity and the experience of the scheme. The mortality tables used are set out below, which include adjustments reflecting the SCPF characteristics. The derivation of the mortality assumption is set out in a separate paper as supplied by the Actuary. Current members who retire on the grounds of ill health are assumed to exhibit average mortality equivalent to that for a good health retiree at an age 4 years older. Existing ill health retirees are assumed to be 3 years older. For all members, it is assumed that the accelerated trend in longevity seen in recent years will continue in the longer term and as such, the assumptions build in a level of

longevity 'improvement' year on year in the future in line with the CMI projections with a long-term improvement trend of 1.5% per annum.

The mortality before retirement assumption has also been adjusted based on LGPS wide experience.

Commutation

It has been assumed that, on average, 50% of retiring members will take the maximum tax-free cash available at retirement and 50% will take the standard 3/80ths cash sum. The option which members have to commute part of their pension at retirement in return for a lump sum is a rate of £12 cash for each £1 p.a. of pension given up.

Other Demographics

Following an analysis of Fund experience carried out by the Actuary, the incidence of retirement in normal health and in ill health and the proportions married/civil partnership assumption have been modified from the last valuation. In addition, allowing for take-up of the 50:50 option will be made up to a maximum of 10% of current and future members for certain employers (who have sufficient size of current contributing members). Other assumptions are as per the last valuation.

Expenses

Expenses are met out the Fund, in accordance with the Regulations. Administration expenses are allowed for by adding 0.5% of pensionable pay to the contributions as required from participating employers. This addition is reassessed at each valuation. Investment expenses have been allowed for implicitly in determining the discount rates.

Discretionary Benefits

The costs of any discretion exercised by an employer in order to enhance benefits for a member through the Fund will be subject to additional contributions from the employer as required by the Regulations as and when the event occurs. As a result, no allowance for such discretionary benefits has been made in the valuation.

Method and assumptions used in calculating the cost of future accrual

The cost of future accrual (normal cost) will be calculated using the same actuarial method and assumptions as used to calculate the funding target except that the financial assumptions adopted will be as described below.

The financial assumptions for assessing the future service contribution rate should take account of the following points:

- contributions will be invested in market conditions applying at future dates, which are unknown at the effective date of the valuation, and which are not directly linked to market conditions at the valuation date; and
- the future service liabilities for which these contributions will be paid have a longer average duration than the past service liabilities.

The financial assumptions in relation to future service (i.e. the normal cost) are not specifically linked to investment conditions as at the valuation date itself, and are based on an overall assumed real return (i.e. return in excess of price inflation)

of 3.0% per annum, with a long term average assumption for consumer price inflation of 2.6% per annum. These two assumptions give rise to an overall discount rate of 5.6% p.a (i.e. 3.0% plus 2.6%).

Adopting this approach the future service rate is not subject to variation solely due to different market conditions applying at each successive valuation, which reflects the requirement in the Regulations for stability in the “Common Rate” of contributions. In market conditions at the effective date of the 2013 valuation this approach gives rise to a slightly more optimistic stance (i.e. allows for a higher AOA) in relation to the cost of accrual of future benefits compared to the market related basis used for the assessment of the funding target.

At each valuation the cost of the benefits accrued since the previous valuation will become a past service liability. At that time any mismatch against the asset out-performance assumptions used for the funding target is fully taken into account in assessing the funding position.

Summary of key whole Fund assumptions used for calculating funding target and cost of future accrual (the “normal cost”) for the 2013 actuarial valuation

LONG-TERM GILT YIELDS	
Fixed interest	3.2% p.a.
Index linked	-0.4% p.a.
PAST SERVICE FUNDING TARGET FINANCIAL ASSUMPTIONS	
Investment return/Discount Rate	4.95% p.a.
CPI price inflation	2.6% p.a.
Long Term Salary increases	4.1% p.a.
Pension increases/indexation of CARE benefits	2.6% p.a.
FUTURE SERVICE ACCRUAL FINANCIAL ASSUMPTIONS	
Investment return	5.6% p.a.
CPI price inflation	2.6% p.a.
Long Term Salary increases	4.1% p.a.*
Pension increases/indexation of CARE benefits	2.6% p.a.

*For past service liability calculations only, in the short term salaries are assumed to increase at 1% per annum for three years.

Demographic assumptions

The post retirement mortality tables adopted for this valuation are as follows:

LIFE EXPECTANCY AT 65 IN 2013		BASE TABLE	ADJUSTMENT	IMPROVEMENT MODEL	LONG TERM RATE
CURRENT ANNUITANTS	Normal Health	S1PxA	89% / 89%	CMI_2012	1.5%
	Ill Health	S1PxA	Normal health + 3 years	CMI_2012	1.5%
	Dependants	S1PMA / S1DFA	139% / 104%	CMI_2012	1.5%
	Future Dependants	S1PMA / S1DFA	104% / 94%	CMI_2012	1.5%
CURRENT ACTIVES / DEFERREDS	Actives normal health	S1PxA	89% / 84%	CMI_2012	1.5%
	Actives ill health	S1PxA	Normal health + 4 years	CMI_2012	1.5%
	Deferreds	S1PxA	106% / 96%	CMI_2012	1.5%
	Future dependants	S1PMA / S1DFA	101% / 94%	CMI_2012	1.5%

Other demographic assumptions are noted below:

Withdrawal	As for 2010 valuation
Other demographics	Based on LG scheme specific experience.
50:50 Option	Up to 10% take-up for certain employers

APPENDIX 2: ASSUMPTIONS USED IN CALCULATING CONTRIBUTIONS PAYABLE UNDER THE RECOVERY PLAN

The contributions payable under the recovery plan are calculated using the same assumptions as those used to calculate the funding target, with the two exceptions.

Changes in Financial Conditions after the Valuation Date

Subsequent to the valuation date, market conditions moved such that the funding position improved, most notably due to an increase in long-dated real yields. It has been agreed that these funding level improvements, as measured approximately up to the end of August 2013, will be taken into account in determining the recovery plans for employers.

Further Future Yield Reversion

In addition to the above, for certain employers which are considered by the Administering Authority to provide a high level of financial covenant and are required to increase contributions (compared to the 2014/15 levels that would have been payable under the previous funding plan), an allowance may be

made as part of the recovery plan for interest rates and bond yields to revert to higher levels over a period of 10 years.

In isolation, the effect of this increase in yields is to reduce the funding deficit by primarily lowering the value of the fund's liabilities over time, thus reducing the level of deficit contributions required by the employer during the recovery period. The effective further increase in fixed and index linked gilt yields, as measured as at 31 August 2013, is 0.4% p.a. reflecting assumed increases in gilt yields over a 10 year period.

As indicated above, this variation to the assumptions in relation to the recovery plan can only be applied for those employers which the Administering Authority deems to be of sufficiently high financial covenant to support the anticipation of increased gilt yields over the entire duration of the recovery period. No such variation in the assumptions will apply in any case to any employer which does not have a funding deficit at the valuation (and therefore for which no recovery plan is applicable). Where a funding deficit exists the impact of the anticipated increases in gilt yields will be limited so that the total employer contributions emerging from the valuation will be no less the 2014/15 levels that would have been payable under the previous funding plan.

1. INTRODUCTION

The purpose of the Statement of Investment Principles ('the Statement') is to document the principles, policies and beliefs by which the Pensions Committee of the Shropshire County Pension Fund ("the Fund") manages the Fund's assets. This document takes account of:

- The Local Government Pension Scheme (Management and Investment of Funds) Regulations 2009
- The requirements of the Pensions Act 2004
- The requirements of the Occupational Pension Schemes (Investment) Regulations 2005;
- The principles of the Myners Code
- CIPFA guidance

The Local Government Pension Scheme ("LGPS"), of which the Fund is a part, is established under the Superannuation Act 1972 and is regulated by a series of Regulations made under the 1972 Act.

Shropshire Council is the Administrating Authority for the Fund.

The Pensions Committee consulted with employing bodies and received written advice from the Fund's investment consultant, Aon Hewitt, on this statement.

There are close links between this statement and two other statements. The Funding Strategy Statement ("FSS") sets out the main aims of the fund and explains how employers' contribution rates are set to achieve those aims. The Governance Compliance Statement sets out the structure of delegations of responsibilities for the Fund.

A copy of this Statement will be sent to each investment manager hired by the Fund, the auditor, the actuary and the investment consultant. The Statement will be reviewed annually and when there is a significant change in the Fund's circumstances.

2. GOVERNANCE

Shropshire Council has delegated to the Pensions Committee the administration of the Pension Fund, and the functions relating to local

government pensions, etc., as set out in Schedule 1 to the Functions Regulations. The main areas of investment responsibility include:

- determination of strategic asset allocation;
- determination of portfolio structure;
- selection and appointment of external investment managers; and
- ongoing monitoring and evaluation of the investment arrangements.

The Pensions Committee is made up of nine members comprising both elected councillors and non-voting employee and pensioner representatives.

Members of the Pensions Committee recognise that they have a duty to safeguard, above all else, the financial interests of the Fund's beneficiaries. Beneficiaries, in this context, are considered to be the Fund Members (pensioners, employees and employers), together with local Council Tax Payers.

2.1 ADVICE AND CONSULTATION

Members of the Committee receive independent investment advice from the following sources

Roger Bartley - strategic and overall investment approach advice.

Aon Hewitt - analysis and advice of a technical nature in relation to all investment related aspects of the pension fund including (but not limited to) portfolio construction, manager monitoring and appointment, and interpretation of performance measurement information.

The Fund's Scheme Administrator has responsibilities under S151 of the Local Government Act 1972 and provides financial (non-investment) advice to the Committee, including advice on financial management, issues of compliance with internal regulations and controls, budgeting and accounting and liaison with independent advisers.

2.2 LIABILITIES

The LGPS is a defined benefit pension scheme which provides benefits related to the final salary of members. The Scheme is a contributory defined benefit arrangement, with active members and employing authorities contributing to the Scheme.

The value of the Fund's ongoing liabilities is sensitive to various demographic (principally longevity) and financial factors. The financial factors relevant to the fund's investment policy are:

- the rate of return on assets;
- salary escalation for active members;
- price inflation for pensioners; and
- long-term interest rates.

2.2 MATURITY AND CASHFLOW

The Fund remains open to new members and new accruals. Contributions are received from both active members and Employing authorities. Active members contribute on a tiered system. Employing authorities contributions are determined based on advice from the Fund's actuary based on the triennial valuation. Cash inflows from contributions currently exceed cash outflows (benefit payments).

3. OBJECTIVES

The Fund's primary long term investment objective is to achieve and maintain a funding level at, or close to, 100% of the Fund's estimated liabilities; and within this, to endeavour to maintain low and stable employers' contribution rates. Given the constraints on local authority spending, volatility in the employer's contribution rate is undesirable.

4. RISKS

The Committee regards 'risk' as the likelihood that it fails to achieve the objectives set out above and has taken several measures, which are set out in this Statement, to minimise this risk so far as is possible.

In particular, in arriving at the investment strategy and the production of this Statement, the Committee have considered the following key risks:

- asset-liability mismatch risk (asset allocation risk)
- the need to pay benefits when due (cash-flow risk)
- actions by the investment managers (investment risk)
- the failure of some investments (concentration risk)
- currency and counterparty risk
- custody risk

In terms of magnitude, the Committee considers asset-liability mismatch risk to be one of the most important to control. Therefore, following each actuarial valuation, the Committee conducts an asset/liability review, which focuses on the impact of asset allocation on expected future funding levels. The Committee considers the results using advanced modelling techniques, and, with the assistance of expert advisers, are able to measure and quantify them in terms of their definitions of risk. This allows the Committee to assess the probabilities of critical funding points associated with different investment strategies.

Consideration is given to the volatility of a number of parameters (e.g. items associated with accounting measures, contributions etc.), to further assess the potential risks associated with a particular investment strategy.

The process of risk management continues through to implementation. The decision as to whether to pursue active management is evaluated separately for each asset class, with regard to the potential reward within that class for taking on active risk. Active risk is then diversified through the use of different investment managers and pooled funds. Each investment manager appointed by the Committee is bound by the terms and conditions of an Investment Management Agreement where restrictions and targets are clearly documented, including a measure of risk. The pooled fund investments and direct investments are governed by the terms and conditions of the fund and or policy documents. Frequent monitoring of portfolio performance and exposure characteristics also aids in the ongoing risk management for the Fund.

5. STRATEGIC ASSET ALLOCATION

The Committee regards the choice of asset allocation policy as the decision that has most influence on the likelihood of achieving their investment objective. The Committee retains direct responsibility for this decision which is made on the advice of their investment adviser with input from their Fund actuary and in consultation with the Employing Authorities.

The investment strategy will normally be

reviewed every three years. In addition if there is a significant change in the capital markets, in the circumstances of the Fund or in governing legislation then an earlier review may be conducted.

In keeping within the regulatory framework set out in the LGPS regulations, the Committee formulates the investment strategy with a view to

- the advisability of investing money in a wide variety of investments
- the suitability of particular investment and types of investment

The Committee will consider a full range of investment opportunities including:

- quoted and unquoted private equity
- government and non-government bonds
- property
- hedge funds and other alternative investments

The Committee further considers the legality of all investments for compliance with the LGPS.

The Committee determines the strategic asset allocation policy after considering projections of the Fund's assets and liabilities which are calculated by the Fund's investment adviser, in liaison with the Fund's actuary. This asset-liability study examines different combinations of assets to determine which combination will best meet the Fund's objectives.

5.1 EXPECTED RETURN ON INVESTMENTS

The study takes into account the particular liabilities of the Fund.

In addition to a full specification of the Fund's benefits, the study will make important assumptions about the behaviour of various asset classes (such as their expected return over long periods of time and the variability of those returns) and the liabilities in the future. In framing these assumptions, it is assumed that:

- Equities may be expected to outperform other asset classes over the long term, but the returns are more unpredictable over the short term. Gilts in turn can be expected to outperform cash deposits but with greater variability.

- Asset classes do not perform in the same way; some may go up in value while others are going down.
- The performance of certain asset classes (particularly index-linked gilts) is more closely linked to the behaviour of inflation than others and so they represent a good match for liabilities linked to inflation.

Expected annualised returns are formulated for each asset class based on long term capital market assumptions, using ten year expected returns and volatilities. The returns and volatilities used for each asset class are shown in the table below, and represent the current 10 year annualised nominal return assumptions from Aon Hewitt at 31 December 2013.

ASSET CLASS	EXPECTED RETURN %	VOLATILITY %
UK Equities	7.7	20.0
Global Unconstrained Equities	10.1	21.8
Global Passive Equities	7.7	19.8
UK Property	7.1	14.5
UK Gilts (15 year duration)	3.6	11.0
UK Investment Grade Corporate Bonds (10 year duration)	4.3	9.0
UK Index-Linked Gilts (15 year duration)	2.6	9.0
Global Fund of Hedge Funds	5.4	8.0
Multi-Strategy Hedge Funds	5.9	8.3
Global Private Equity	9.2	26.0
Infrastructure (USD)	8.1	20.4
Inflation (CPI)	2.3	-

5.2 CURRENT STRATEGY

The Fund's current strategic asset allocation was agreed by Pensions Committee in March 2014.

ASSET CLASS	ALLOCATION	CONTROL RANGES
TOTAL EQUITY	52.0	47.0 – 57.0
Unconstrained Global Equity	24.0	20.0 – 28.0
UK Equity	8.0	5.5 – 10.5
Passive Equity (100% Hedged to GBP)	20.0	16.0 – 24.0
TOTAL ALTERNATIVES	23.0	18.0 – 28.0
European (Incl UK) Property	5.0	n/a
Private Equity	5.0	n/a
Infrastructure	3.0	n/a

ASSET CLASS	ALLOCATION	CONTROL RANGES
Fund of Hedge Funds	5.0	n/a
Multi-Strategy Hedge Funds	5.0	n/a
TOTAL BONDS	25.0	20.0 – 30.0
UK Index Linked Bonds	10.0	7.5 – 12.5
Global Credit (100% Hedged to GBP)	7.5	5.0 – 10.0
Absolute Return Bonds	7.5	5.0 – 10.0

5.3 REBALANCING POLICY

Officers will review the position of the fund quarterly to ensure the assets are within the control ranges listed above, and will rebalance as appropriate.

5.4 CURRENCY HEDGING POLICY

The Committee considers currency risk as an unrewarded risk – one that is expected to increase the volatility of the Fund, but not increase return. Global Credit and passive equity investments are fully currency hedged by the investment managers.

6. IMPLEMENTATION

The Committee have appointed investment managers to manage the Fund's investments as set out in the Appendix.

The Committee believe the use of active management within the Fund will increase the likelihood that the Fund will meet its objectives.

The Committee also avails of passive management where they believe the extra risk and costs of active management would not benefit the Fund and to manage overall risk.

The activities of each manager are governed by their Investment Management Agreement. This includes details on the portfolio performance objectives and risk limits as well as information on permissible investments.

6.1 SELECTION & REALISATION OF INVESTMENT

Each investment manager has full discretion in terms of stock selection within the constraints of the investment management agreement signed with each manager. The majority of investments held within the Fund are quoted on major

markets and may be realised quickly, if required. Certain asset classes, Hedge funds, Private Equity, Property and Infrastructure are relatively illiquid and may take longer to realise, if required.

The current list of investment managers and pooled funds used with a view to implementing the above strategy is set out in the Appendix A to this document. The Appendix is included for information only, and does not form part of the Statement of Investment Principles.

6.3 SECURITY LENDING

The fund reactivated its security lending policy with Northern Trust in February 2011, having temporarily paused the lending activity in the period after the collapse of Lehmans. The collateral arrangements for the lending programme have been tightened on advice from Aon Hewitt, and the programme restarted.

The manager(s) of pooled funds may undertake a certain amount of stock lending on behalf of unit-holders. Where a pooled fund engages in this activity the extent is fully disclosed by the manager.

6.2 CUSTODY

The Committee regards the safekeeping of the Fund's assets as of paramount importance and has appointed Northern Trust company as global custodian and record-keeper of the Fund's assets.

7. REVIEW AND CONTROL

The Committee are satisfied that they have adequate resources to monitor the investment arrangements.

7.1 PERFORMANCE MEASUREMENT

The Committee monitors the strategy and its implementation as follows.

The Committee receives, on a quarterly basis, a written report on the returns of the fund and asset classes together with supporting analysis.

The performance of the total fund is also measured against the strategic benchmark, which is comprised of the asset class benchmarks weighted by the strategic allocations, and against agreed outperformance targets.

The performance of the fund in each asset class is measured against the relevant benchmark. A comparison against a universe of portfolios with similar mandates will also be made from time to time.

7.2 SERVICE PROVIDER MONITORING

The Committee reviews from time to time the services provided by the investment adviser and other service providers as necessary to ensure that the services provided remain appropriate for the Fund.

8. ENVIRONMENTAL, SOCIAL AND GOVERNANCE AND EXERCISE OF RIGHTS

The Committee expects the investment managers to take steps to ensure that environmental, social and governance factors are adequately addressed in the selection, retention and realisation of investments as far as such factors may affect investment performance.

F&C provides a responsible engagement overlay on the Fund's UK equity portfolios. F&C enters into constructive discussions with companies on the Fund's behalf to put to them the case for improved financial returns through better management of the negative impacts they might have on the environment and society in general.

The Fund is also a member of the Local Authorities Pension Fund Forum (LAPFF), which seeks to combine like-minded bodies to promote the above issues. At present 49 Local Authorities are members of this forum with a combined asset value of 75% of local government pension fund assets.

8.1 MYNERS INVESTMENT PRINCIPLES

Details to the extent to which the Pensions Committee complies with the six Myners principles and the extent to which management and investment arrangements at Shropshire comply (in accordance with the existing CIPFA guidance), and where not, what action is proposed in order to comply are set out in Appendix B.

9. INVESTMENT MANAGER AND ADVISER FEES

Investment management fees comprise an ad valorem or fixed base fee element and in some cases a performance based element. The ad valorem fee is calculated as a percentage of assets under management. Where applicable, the performance based element is calculated as a percentage of outperformance. The assessment period ranges from one to three years depending on the investment manager and the mandate. The exact details of the fee arrangements are specific to the investment manager and are as agreed in the respective Investment Manager Agreements.

Appendix A:

Fund assets are invested in portfolios managed by external investment managers shown in the table below. They are benchmarked against the indicated indices. The table shows whether portfolios are managed on a segregated or pooled basis, and their outperformance target. Based on expert advice, investment managers may be replaced at any time and this list may not always be current.

This appendix shows the position at March 2014 and has been appended to the Statement of Investment Principles for information only, and does not form part of the Statement.

COMMUNICATIONS POLICY STATEMENT

This statement has been prepared by Shropshire Council (the Administering Authority) to set out the communications strategy for the Shropshire County Pension Fund (the scheme), in accordance with Regulation 61 of the Local Government Pension Scheme (Administration) Regulations 2013.

Shropshire Council, in its capacity as an Administering Authority deals with over 120 employers and approximately 15,000 scheme members, 13,000 deferred members and 10,000 pensioners in relation to the Local Government Pension Scheme (LGPS). The delivery of benefits involves communication with the membership and a whole range of other interested parties. This statement provides an overview of how we communicate and how we intend to measure whether our communications are successful.

This statement is effective as of 26 June 2015 and the membership details were correct as of that date.

Any enquiries in relation to this Communications Policy Statement should be made to:

Debbie Sharp

Pensions Administration Manager

1. INTRODUCTION

1.1 The principal aim of the Shropshire County Pension Fund is to provide secure pensions, effectively and efficiently, administered at the lowest cost to the contributing employers.

1.2 The Fund is committed to providing comprehensive information to all stakeholders, through the most appropriate communication methods. Effective communication cannot be left to chance and this document outlines the ways in which the Fund aims to meet this objective.

1.3 The Shropshire County Pension fund has experience of using innovative communication techniques and intends to continue using a wide variety of communication tools in the future.

1.4 The Fund is now part of a Joint Communications Group with neighbouring Local Government Pension Fund Authorities.

Thus the funding and resourcing of elements of our communication service is shared, such as the development and production of newsletters and Annual Benefit Statements. This has already, and will continue to, provide Fund efficiency savings.

1.5 The Fund Officers will endeavour to ensure that value for money and quality of service is obtained from sourcing both imaginative, cost effective designers and reliable printing departments.

2. PRINCIPLES OF COMMUNICATION

2.1 The Fund has adopted five key principles that support all of its communication. The Fund is committed to ensuring that:

- Communication is factual and presented in plain language
- Communication is designed in a manner appropriate to its audience
- Communication is looked upon as involving a dialogue with others
- Communication takes on the developments and improvements in new technology and different channels.
- Communication is planned, Co-ordinated and evaluated

2.2 The Fund will make every effort to make communication materials available in large print, Braille, audio tape and different languages if requested.

2.3 The local Government Pension Scheme is a useful tool in attracting employees to work in local government. For Employers it is a key part of their recruitment and retention package. Pension Services are also the last, and often the only, link between former staff members and their employers. The Fund therefore has an important role in ensuring that it communicates effectively with all its stakeholders.

2.4 Pension Services work to maintain a thorough knowledge of the regulations in order to retain the confidence of its members. Pension

Services should always be the first place staff members turn for pension information during their working life and in retirement.

2.5 Pension Services are committed to responding promptly to members' requests for information, whether it's by face to face communication, email or by letter. Information is provided within set timescales. Our turnaround time for dealing with requests is normally ten days.

3. HOW DOES THE FUND COMMUNICATE WITH STAKEHOLDERS?

3.1 Printed /Electronic Literature

Any paper or electronic based communications is produced using the Fund branding, be that newsletters, guides or individual letters.

3.2 Drop in Service

For those members who prefer 'face to face' communication the Fund's office is situated at the Shirehall and is easily accessible by public transport from all areas of Shropshire.

Appointments can be made to discuss specific pension options or problems, but generally this is not necessary as members of the team are available during office hours. If members do drop in, appointments held are confidential and private.

3.3 Telephone

All Fund communications have a published telephone number. The number may be the general helpdesk number (01743) 252130 or the direct telephone number of the staff member responsible for carrying out the individual request.

3.4 Website

The Fund has a website (www.shropshirecounty-pensionfund.co.uk) that is extremely popular amongst members and other stakeholders as a source of information. Electronic copies of Fund Literature, policies and reports are available for download: such as this Communications Policy Statement.

The Fund provides a secure area on the site which allows Scheme members to access their own records, calculate benefit estimates, projections

and to update home address information. This is called Member Self Service or MSS.

3.5 Contacting the Fund by post or email

For general communications, the Fund has an email account and postal address. These details can be found on the back cover of this statement.

3.6 Email alerts

The Fund asks all new members for an email address and has made efforts to capture the email addresses of deferred and pensioner members. This is so all members can be sent out email notifications when there has been a significant update to the website or an upcoming event.

3.7 Presentations and courses

The Fund delivers standard or tailored presentations on a wide range of subjects for both employers and their staff. These presentations are provided at the request of employers at geographically convenient locations by Fund staff and other specialists.

Presentations are held around the county to keep members informed of any changes that may alter their benefits.

3.8 Roadshows and Member Consultations

The Fund organises events on a consultation/surgery basis with time slots for members and prospective members. This is particularly useful for employers with small numbers of staff.

Fund membership is dispersed over a large rural area and therefore these consultations are an ideal way to reach members. These consultations are generally held after Annual Benefit Statements have been sent.

3.9 Newsletters

'Pension update' is the Fund's in-house newsletter and is sometimes produced in conjunction with our Joint Communications Group. This in-house newsletter is issued periodically. With an audience of Scheme and eligible non-members the newsletter aims to provide topical news, articles and the latest information about the Scheme and pensions in general.

InTOUCH is the Funds in-house newsletter for retired members. Published twice a year, the newsletter proves to be a useful way of providing updates on relevant changes in legislation, topical news, competitions and member's articles.

Deferred members also receive a newsletter, normally sent with their Annual Benefit Statements. These newsletters are sent when information needs to be communicated to them, again providing updates on relevant changes in legislation, topical news and reminding the member to keep the Fund notified of any future changes in address.

Newsletters or email bulletins are also issued to Scheme Employers frequently. These provide legislation, operational items and technical updates and support. They also advertise upcoming training and events.

Annual Report, Accounts & Meeting

The Annual report is a financial reporting document showing the Funds accounts over the previous twelve months, along with details on both investments and administration performance.

The report and accounts are the main focus of the Annual Meeting held in November.

All retired, active and deferred members are invited to attend the Annual Meeting. The meeting gives members the opportunity to meet the Pension Committee and the members of staff who administer the Scheme on a one to one basis. Also, the Funds management team provide updates on the latest Fund news. The Fund is committed to making the meeting widely accessible to the membership and ensuring its content is of both interest and relevance. The Annual Meeting regularly covers scheme benefit changes, valuation position and investments in an interesting and informative manner.

4. WHO ARE THE STAKEHOLDERS OF THE FUND AND WHAT IS PROVIDED TO THEM?

4.1 Active & Deferred Scheme Members Certificate of Membership

Within thirteen weeks of joining the Fund, each member receives a Statutory Notification

detailing the information recorded on the Pension Administration System about them, such as date they joined the Scheme and whether or not they have transferred service into the Fund from elsewhere. A new notification is issued every time a member's record is amended.

Annual Benefit Statement

An Annual Benefit Statement is provided to all active and deferred members. The statements include various pension details such as the current value of benefits, how they are calculated, and when they become payable. The format of the statements is continually being developed to provide members with the information they require in a clear and concise manner.

Scheme Literature

A large range of literature, including scheme guidance and frequently asked questions, is produced by the Fund and is made available to both Employers and Scheme members.

A different guide is available for councillors to whom different rules apply. Councillor members of the scheme also have a different section of the Funds website.

Retirement Booklet

All active members on reaching retirement receive a comprehensive booklet providing information on the Scheme and the retirement process.

4.2 Prospective Scheme Members Scheme Booklet

The Fund produces a Brief Scheme Guide on the Local Government Pension Scheme. This should be provided by Scheme Employers to all new employees as part of their letter of employment, terms and conditions – some employers choose to email this to new employees.

Scheme Website

The Fund's website contains specific information on joining the Scheme and the benefits of membership.

Promotional Campaigns

Periodically the Fund produces dedicated marketing literature that is sent to those who

choose not to join or opt to leave the Scheme. This literature promotes the benefits of having an occupational pension and gives an option to join the Scheme to members who have opted out.

Corporate Induction Courses

Officers of the fund are invited to attend or to contribute to Corporate Inductions (including e-learning) for prospective members.

Other Employer Communications

The increasing role of communication within all organisations means that more employers have staff newsletters, intranets and other communication facilities. The Fund actively works to provide their employees with the best information and opportunities in regard to the Scheme and often provides information to be made available on intranets and websites.

4.3 Retired Members

Pay Advices

The Fund issues a pay advice slip to scheme pensioners only when net pension payments vary by £5 or more from the previous month.

Online access to Payslips and P60s

Members can view P60's and payslips by logging onto a secure area on the Fund website.

Combined P60 Payslip and P.I.

Every retired member and/or their dependents will receive a P60, Payslip and P.I. notification normally at the end of April.

The pension increase notification informs them of the inflation increase on their pension, if any.

Retired Members Meeting

Every summer a dedicated meeting is held for retired members. These include a presentation from an outside speaker on a non-pension related subject and an update on the latest pensions news.

Cards & Flowers

The Fund sends Birthday Cards and Flowers to all our retired members' age 100 years and over.

Validation - Retired Members Living Abroad

The Fund undertakes a regular exercise

conducted through correspondence in order to establish the continued existence of pensioners living abroad.

4.4. Employing Authorities Employer Meetings & Training Sessions

Meetings and training sessions are arranged for employers on a regular basis. They are used to communicate issues with employers, specifically benefit regulation changes, any administration changes, employer contribution rates and the funding level of the Shropshire Fund.

Employers' Guide

An Employers' Guide is available to all employers, detailing the processes, procedures and forms required to effectively discharge their pension administration responsibilities. The employers guide is held on the employers area of the website www.shropshirecountypensionfund.co.uk

Employers Bulletins

Regular email bulletins are periodically sent out to all employers. These aim to inform employers on latest news, issues, events and regulatory changes. The bulletin is also used to communicate any consultations in regard to policy and regulations.

Monthly returns and end of year procedure

There is data that employers must submit to the Pensions Team in respect of Scheme members on a monthly basis to ensure their pension record is accurate. The monthly return template can be found in the employers pages of the pension's website and the notes on completion are contained within the spreadsheet. The spreadsheet should be securely sent to the Pensions Team to update member records each month.

Each year employers are required to submit a year end return. Employers are emailed towards the end of the financial year with the year-end template and instructions for completion.

Some employers in the Fund are using a "middleware" facility called I-Connect that assists the fund and employers by improving the flow of member data between the two parties. It is equipped for the 2014 CARE scheme requires

and addresses automatic enrolment obligations together with minimizing the risk of fines from the Pension Regulator. The main cost of this system falls on the Pension Fund with a small cost to the employer.

4.5 Pension Committee & Fund Staff Pensions Committee

The Committee is comprised of 9 members representing the principal employing authorities, trade union representatives representing the Fund employees and a retired member representative. The Fund has an ongoing training programme for Members and Officers to ensure that decision making is on an informed basis.

Knowledge building and training is provided via the Fund's Officers, advisors and external training courses. An annual training day is held for all Pension Committee Members and their substitutes.

Pension Committee reports are available on the council's website www.shropshire.gov.uk and by following the link for 'Committees, meetings and decisions' and on the 'Pension Committee' page or at: www.shropshirecountypensionfund.co.uk

Pensions Board

In accordance with the LGPS Governance Regulations 2015, a Pension Board has been introduced from 1 April 2015 to ensure effective governance and administration of the Scheme.

The Local Pension Board is be responsible for assisting Shropshire Council, the Scheme Manager, to:

Secure compliance with:

- The Local Government Pension Scheme Regulations;
- Any other legislation relating to the governance and administration of the Scheme, and;
- Requirements imposed by The Pensions Regulator in relation to the Scheme, and; to ensure the effective governance and administration of the Scheme.

From the date of its set up on the 1st April 2015

the Board will be an oversight body and not decision making. It does not replace existing governance arrangements in place in the Shropshire County Pension Fund in respect of the administration of the Local Government Pension Scheme.

The Pension Board shall consist of 4 voting members and be constituted as follows:

- 2 employer representatives
- 2 scheme member representatives

Pension Board reports will be available on the council's website www.shropshire.gov.uk and by following the link for 'Committees, meetings and decisions' and on the 'Pension Board' page or at www.shropshirecountypensionfund.co.uk

Service Management Team

The Scheme Administrator (s 151 officer) is responsible for the Pensions Administration and Pension Investment Teams. The Pensions Management Team meets on a monthly basis to discuss items in relation to the running of the team and regulation changes. It comprises the Pensions Administration Manager and Team Leaders. A similar monthly meeting is held between the Head of Treasury & Pensions, the Pensions Administration manager and investment staff. Any items raised from such meetings can be escalated to the Scheme Administrator.

Team Meetings

Team Meetings involving all staff are held on a monthly basis. Notes of all meetings and items arising from such meetings are passed through to the Head of Treasury & Pensions and to the Scheme administrator if necessary.

Training

The Fund seeks to continually improve the ability of staff to communicate effectively and to understand the importance of good communication. Both general and pension-specific training is provided to all staff as part of the Fund's commitment to staff development. The Fund conducts performance appraisals for its entire staff.

Intranet and E-Mail

Each member of staff has access to e-mail

and the storage drive which contains electronic copies of many of the Key documents, manuals, minutes and circulars.

Local Authority Pensions Web

All senior members of the pension's team have access to the Local Authority Pensions Web where information can be exchanged with other Local Authority Pension colleagues.

4.6 Communication with Other Bodies Mercer (Pension Fund Actuary)

The Fund performs an Actuarial Valuation every three years as required by the Regulations. Mercer also deals with Interim valuations when required and information and advice on a range of issues affecting the Fund, such as new employers, bulk transfers and regulatory changes.

Legal Advice

The Fund obtains legal advice from Shropshire Council as appropriate on benefits administration and investment matters. External legal advice is also obtained as and when required.

DCLG

The Fund communicates with the Department of Communities and Local Government (DCLG) while in consultation on proposals for change to the scheme and with regard to providing information under disclosure regulations.

Trade Unions

Trade Unions are valuable ambassadors for the Pension Scheme. They ensure that details of the Local Government Pension Scheme's availability are brought to their member's attention and assist in negotiations under TUPE, in order to ensure, whenever possible, continued access to the Local Government Pension Scheme.

Press & Media

The Fund in conjunction with the Council's Communications Unit, actively engages with the press and other media organisations in order to ensure clarity, facts and fair representation.

Shrewsbury Regional Pension Officer's Group (SPOG)

The Shropshire County Pension Fund (SCPF) hosts the Shrewsbury Pension Officers Group

which meets on a quarterly basis. The group which comprises a number of local authority funds discuss technical queries and legislation matters of common interest.

Joint working with other pension funds

To reduce costs the Fund leads on collaborative working with other pension funds. Representatives from each fund meet quarterly to discuss communications issues.

Investment Practitioner Group

The Fund has an active involvement in the Investment Practitioner Group for the region where common investment issues between Funds are discussed.

Software Provider Group

Members of the team attend meetings with the pension's administration software provider, to ensure the computerised administration system is able to deal with regulation changes when they occur.

4.7 Measure of Successful Communication Service Quality Questionnaire

A questionnaire is issued to members with various correspondences, including retirements and benefit quotes. This allows the fund to evaluate the service provided. Survey responses are collated and reviewed twice a year.

Employer Satisfaction Survey

A survey is issued to employers, periodically to allow the fund to evaluate the service and methods of communication provided to employers. The responses are collated and used to identify any employer requirements and possible areas for improvement.

Compliments, Complaints and Comments

Any compliments, complaints or comments made in letter, e-mail or verbal format are recorded on a monthly basis. The fund aims to always learn from the feedback received and continue to make improvements to the service provided.

5. CONFIDENTIALITY

To protect any personal information held on computer the Administering Authority is

registered under the data Protection Act 1988. This allows members to check that their details held are accurate. The Fund may, if it chooses, pass certain details to a third party, if the party is carrying out an administrative function of the Fund.

Members who wish to apply to access their data on Data Protection Grounds should contact the Data Protection Officer on: (01743) 252774.
