Introduction

Shropshire County Pension Fund ("the fund") is responsible for the administration of the Local Government Pension Scheme ("the Scheme") within the geographical area of Shropshire. The fund also administers the scheme on behalf of a number of qualifying employers who are not situated within the Shropshire area. The service is carried out by Shropshire Council ("the administering authority") on behalf of qualifying employers and ultimately scheme members.

This document is the Pensions Administration Strategy Statement which outlines the policies and performance standards towards providing a cost-effective, inclusive, and high-quality pensions administration service.

Delivery of such an administration service is not the responsibility of one person or one organisation, but rather the joint working of a number of different stakeholders, who between them are responsible for delivering the pensions administration service to meet the diverse needs of the membership and the regulatory requirements.

Compliance

Developed in consultation with employers within the fund, this statement seeks to promote good working relationships, improve efficiency, and ensure agreed standards of quality in delivery of the pension administration service amongst scheme employers. A copy of this strategy is provided to all employers and is made available on the fund's website.

In no circumstances does this strategy override any provision or requirement of the regulations, nor is it intended to replace the more extensive commentary provided by the employer information on the Shropshire County Pension Fund website and administration guides provided by the Local Government Association (LGA).

Review

The undertakings set out within this Pensions Administration Strategy Statement will be reviewed annually by the fund. Additionally, the fund will review this policy statement and make revisions as appropriate, following a material change to the fund policies in

relation to any of the matters contained in the strategy. Employers will be consulted and informed of any changes.

Regulatory Framework

Regulation 59-(1) of the LGPS Regulations 2013 enables an LGPS administering authority to prepare a document ("the pension administration strategy") detailing administrative standards, performance measures, data flows and communication with employers.

In addition, Regulation 70.-(1) of the LGPS Regulations 2013 allows an administering authority to recover costs from an employing authority where costs have been incurred because of that employing authority's level of performance in carrying out its functions under these Regulations. See section on poor performance.

This document has been presented, considered, and ratified by the Pensions Committee on 1 December 2023 and, as such, the contents of which apply to all existing and future employers of Shropshire County Pension Fund from this date.

Scheme Employer Duties and Responsibilities

The delivery of a high-quality cost-effective administration service is not the responsibility of just the administering authority but depends on the joint working of the administering authority with a number of individuals employed in different organisations to ensure scheme members and other interested parties receive the appropriate level of service, and that statutory requirements are met.

Monthly/annual data transfer

The fund's method of data collection is by way of electronic data transfer using the i-Connect service. All employers will be provided with the training and guidance on how to use i-Connect.

Response to queries

There are times when the Pensions Team may need to contact employers with queries on the data provided, or to request additional information in order to provide scheme members with details of their pension entitlement. From time to time, employers may also require information from the Pensions Team regarding the scheme. Timescales for dealing with

specific requests are listed in this document and where a timeframe is not provided, either party should be responded to within 10 working days of receipt of the request. Timescales for dealing with bulk queries from either party should be agreed separately.

Appointing a main contact

Each employing authority must designate a named individual to act as the main point of contact with regard to any aspect of administering the LGPS, and to be responsible for ensuring the requirements set out in this strategy are met.

Their key responsibilities are:

- to act as a conduit for communications to appropriate staff within the employer for example, Human Resources, Payroll teams, Directors of Finance;
- to ensure that standards and levels of service are maintained, and regulatory responsibilities are complied with.
- to ensure that details of all nominated representatives and authorised signatures are correct and to notify the fund of any changes immediately;
- to arrange distribution of communications literature as and when required;
- to inform the fund of any alternative service arrangements required;
- to assure data quality and ensure the timely submission of data to the fund; and
- to assist and liaise with the fund on promotional activities.

Authorised signatories

Each employer must nominate individuals to act as authorised signatories, whose names and specimen signatures will be held by the fund, and who must sign all employer documents or instructions. In signing a document, an authorised officer is not merely certifying that the form comes from the employer stated, but also that the information being provided is correct.

Consequently, if an authorised signatory is certifying information that someone else has compiled, for example leaving information including a final salary pay, career average pay, assumed pay they are authorising to confirm that the information is correct.

It is the employer's responsibility to ensure that details of the authorised signatures are upto-date, and to notify the fund of any changes.

Employer Training

The fund holds annual training for employers where officers of the fund provide information on finances, investment performance, regulatory changes and also administration performance. Attendance by each employer's nominated contacts is actively encouraged. In most instances the training is filmed and hosted on the Pension Fund website, to enable individuals unable to attend on the day to watch afterwards.

Discretions Policy

Each employer is required by statute to prepare and publish a written statement as to how they wish to exercise the discretionary powers available to them as a scheme employer under the LGPS regulations. The policy statement must be kept under review and, where revisions are made, the revised policy statement must be sent to the fund and made readily available to all employees within the employing authority within one month of the effective date. The LGA has produced a list of all the discretions participating employers have in relation to the LGPS. This document can be found on the website: www.lgpsregs.org. If an employer does not have a discretions policy the fund can refuse to provide a quotation until it can be demonstrated that the employer intends to change its policy.

Notification of employee's rights: Internal Disputes Resolution Procedure (IDRP)

Under Regulation 72 of the LGPS 2013 regulations, any decisions made by an employing authority affecting an employee's rights to membership, or entitlement to benefits must be made as soon as is reasonably practicable and notified to the employee in writing including a reference to their right of appeal in line with Regulation 73 of the LGPS regulations. Every notification must;

- Specify the rights under stage 1 and stage 2 of the appeals procedure quoting the appropriate regulations;
- Specify the time limits within an appeal, under either stage, which apply and;
- Specify to whom an application for appeal must be made to.
 - For first stage appeals this must be the nominated person of the employer who made the decision. For 2nd stage appeals this will be the appointed person at the administering authority

The fund has guidance for employers to provide to individuals who raise an issue under the IDRP procedure.

Nominated person

Each employing authority is required to nominate and name the person to whom applications under Stage 1 of the IDRP should be made. Employers must also notify the fund of any first stage appeals they receive.

Computer links

The fund can provide the links to the Pensions Administration System, where appropriate, to large employers for employing authority staff to view certain areas of their employees' records of membership. There is a charge for this access. The most current data protection legalisation will be considered when providing this access.

The fund will ensure that the Pensions Administration System is available for use during normal office hours except for any necessary scheduled maintenance of the system. Employers must notify the fund when registered users leave the organisation, or no longer require access.

Service Standards to Scheme Members

Overriding legislation dictates the standards that pension schemes and employers should meet in providing certain pieces of information to various associated parties – not least of which includes the scheme member. The LGPS Regulations also identifies a number of requirements for the fund and employers, which may not have all been covered in this document. It is important that employers make themselves familiar of the HR and Payroll guides available on www.lgpsregs.org. An online employers guide is available on the fund's website, www.shropshirecountypensionfund.co.uk, which includes template forms and guidance for all scheme employers.

The levels of performance and procedures which the fund and employers are expected to achieve to ensure compliance with the overriding legislation are outlined in the tables:

Standards of Data

Overriding Legislation in performing the role of administering the LGPS

The Fund and employers will comply with the overriding legislation, including:

- the Occupational Pensions Schemes
- (Disclosure of Information) Regulations 2015;
- The Local Government Pension Scheme (Amendment) (Governance) Regulations 2015;
- the Pensions Act 1995, 2004 and 2014;
- any Transitional Regulations currently in place;
- the Discretionary and Compensation Regulations 2006;
- the Data Protection Act 1998;
- the Freedom of Information Act 2000;
- the Disability Discrimination Act 1995;
- the Age Discrimination Act 2006;
- the Finance Act 2004;
- Health and Safety legislation;
- Employment Rights Act 2010;
- HMRC Legislation and Current GAD Guidance;
- Public Service Pensions Act 2013;

and any future amendments to the above legislation.

Data Protection Act 2018

The Shropshire County Pension Fund is a Data Controller as part of the Data Protection Act 2018 which incorporates the General Data Protection Regulation (GDPR). This means we store, hold, and manage personal data in line with statutory requirements to enable us to provide pension administration services. To enable us to carry out our statutory duty, we are required to share information with certain bodies, but will only do so in limited circumstances. More information about how we hold data and who we share it can be found in the Fund's Privacy Notice on www.shropshirecountypensionfund.co.uk.

The fund has introduced a Memorandum of Understanding (MOU). The aim of the MOU is to set out that participating employers in the Local Government Pension Scheme (LGPS) can share data with the LG administering authority without a data sharing agreement being in

place. (There is no legal requirement for employers to have a data sharing agreement with LGPS administering authorities as they are both data controllers.) A copy of the MOU can be found on the employers' area of the website www.shropshirecountypensionfund.co.uk.

Secure Data Transfer

The Fund will follow Shropshire Council's as Administering Authority data security guidelines when sending any personal data, including its published data sharing policy. This means that members' personal data will only be transferred from one party to the other via an acceptable method specified by the Administering Authority which may include any of the following:

- (a) i-Connect data transfer service (Internet based application)
- (b) Secure email
- (c) Paper forms signed by an authorising officer from the employer
- (d) Password protected excel spreadsheet

All these measures start from the date of receipt of all relevant information. The annual performance of the fund is reported each year in the Annual Report.

Audit

The fund is subject to an annual audit of its processes and internal controls. Employers are expected to fully comply with any requests for information from both internal and approved external auditors. Any subsequent recommendations will be considered and where appropriate implemented with employing authority cooperation.

Benchmarking

The Fund will regularly monitor its costs and service performance by benchmarking with other administering authorities. Details of the costs of administration, quality measures and standards of performance will be published in the Annual Report.

Employer Performance Reporting

As part of this Pensions Administration Strategy, the fund will develop arrangements for reporting on key performance measures.

This approach to reporting will facilitate engagement with employers and provide a mechanism for service level review and recognition of best practice.

Poor performance/additional work

The fund will seek, at the earliest opportunity, to work closely with employers in identifying areas of poor performance, provide the necessary training and development, and to put in place appropriate processes to improve the level of service in the future.

In the event of continued poor performance, or additional work imposed on the fund as a result of employer poor performance and a lack of any evidence of any measures being taken to achieve improvement by an employing authority, the fund will seek to recover any additional costs arising.

Any third-party additional costs or regulatory fines incurred by the fund as a consequence of administrative failures, poor performance or delays in complying with the relevant legislation by the employing authority will be recovered from the employer. These may include legal costs, fines imposed by the courts, the Pensions Ombudsman or the Pensions Regulator and additional charges in respect of actuarial fees, third party computer charges and additional printing and distribution costs.

In dealing with poor performance the fund will:

- write to the main contact at the employer setting out the area(s) of poor performance;
- meet with the employing authority, where possible, to discuss area(s) of poor performance and how these can be addressed;
- contact the individual/body with overall authority for the Scheme employer (i.e., CEO/Chair of Trustee Board/Parish or Town Council)
- issue formal written notice, where no improvement is demonstrated by the employing authority or where there has been a failure to take agreed action by the employing authority;
- Make a claim for cost recovery, taking account of time and resources in resolving the specific area(s) of poor performance.

 Will report any claim for the cost of recovery to the Pension Committee/Pensions
 Board at the next available meeting and may form part of the administration report in the fund's published Annual Report.

Reporting breaches

The fund has a procedure to be followed by certain persons in relation to reporting breaches of the law to the Pensions Regulator. The breaches procedure applies, in the main to;

- all members of the Shropshire Pension Board and Committee;
- all officers involved in the management of the Pension Fund including members of the Investments Team, Pensions Administration Team, Head of Pensions – LGPS Senior Officer and the Executive Director of Resources • Assistant Director of Finance, Governance and Assurance
- any professional advisers including auditors, actuaries, legal advisers, and fund managers; and
- officers of employers participating in the Shropshire County Pension Fund who are responsible for LGPS matters.

Breaches can occur in relation to a wide variety of the tasks normally associated with the administrative function of a scheme such as keeping records, internal controls, calculating benefits and making investment or investment-related decisions.

If a breach occurs the breaches policy must be followed. The most up-to-date breaches policy can be found on the fund's website. If a breach occurs by an employer, the fund will notify the employer to ensure improvements are made and will record and monitor the breach. If this failure to comply with the regulations is likely to be material, it will be reported to the Pensions Regulator.

Associated Policy Statements and Documents

Participating employers are advised to familiarise themselves with the other policies issued by the fund.

Employer Events Policy

The purpose of this document is to describe the various "life stages" of an employer participating in the fund. It summarises the events and possible outcomes from those events right through until it withdraws from the fund.

Communications Strategy Statement

The statement outlines the fund's policy on:

- information to members, representatives, and employers;
- the format, frequency, and method of distributing such information;
- the promotion of the scheme to prospective members and their employing authorities.

Governance Compliance Policy

Shropshire Council has delegated to the Pensions Committee various powers and duties in respect of the administration of the fund.

This statement sets out the scheme of delegation and the terms of reference, structure, and operational procedures of the delegation. It also includes information on how it will exercise certain discretions provided by the scheme.

Employer Discretions Policy

Since 1997, the LGPS regulations have required every employing authority to:

- issue a written policy statement on how it will exercise the various discretions provided by the scheme;
- keep it under review;
- revise as necessary.
